FIUME SITUATION PROMPTS MINISTER'S RESIGNATION

STEEL MILLS PARTLY PARALYZED; PREDICT TIE-UP BY SATURDAY

Immediate Pittsburgh District, Backbone of U. S. Steel Corporation's Holdings, Continues Operations, but Other Centers are Seriously Crippled—Many Plants Forced to Shut Down.

BULLETIN

WASHINGTON, Sept. 23.—The senate this afternoon passed Senator Kenyon's resolution ordering the committee on education and labor to make an investigation of the steel strike.

By GEORGE R. HOLMES

PITTSBURGH, Sept. 23.—Attended by sporadic outbreaks of disorder, the big steel strike swung into the second phase today with the iron and steel industries partly paralyzed.

Returns from the affected districts showed that while the immediate Pittsburgh district continued operations, other centers were seriously crippled and in many cases forced to shut down completely by the walkouts of the laborers. Pittsburgh forms the backbone of the United States Steel Corporation's holdings and here the wheels of the great mills continue to turn as they did at Homestead, Braddock, Duquesne and other cities.

Despite the continuance of operations here, headquarters of the strikers today showed a jubilant bunch of leaders. "Before the week is over," said William Z. Foster, secretary of the steel men's union, and directing head of the strike in the east, "every man in the steel and iron industry will be on strike. Every mill will be closed down by Saturday."

Strike Costs \$4,150,000 a Day

PITTSBURGH, Sept. 23.—The strike is costing the iron and steel workers of the country approximately \$3,000,000 a day in wages alone. These figures are based upon the payrolls of the U. S. Steel corporation which controls about 50 per cent of the steel output in the United States, and the independent concerns which control the balance.

It is estimated that the strike is costing the steel interests more than \$1,250,000 a day in earnings.

If industries allied with the iron and steel business are forced to suspend because of lack of materials with which to work, the cost of the nationwide struggle between capital and labor will reach appalling figures.

"All over the country our reports show that the tie-up has been complete. Our Birmingham headquarters wired us that outside of a few working, the mills there are closed down."

Three Valleys Hard Hit

The organizers of the steel and iron workers held a "get-together" meeting here today and checked up returns and made reports. Tomorrow there will be a meeting of the international presidents of the unions concerned in the strike.

In the Shenango and Monongahela valleys of Pennsylvania, and in the Mahoning valley of Ohio today the situation was more serious. The tie-up in these three valleys appeared to be fairly complete, with many thousands idle.

Only in the Allegheny valley did the steel officials find any cause for satisfaction.

Harry E. Sheldon, president of the Allegheny Steel company, a subsidiary of the U. S. Steel corporation, declared that conditions at his plant were better than yesterday.

"We have a decided increase in our personnel today and the situation is very promising," he said.

The U. S. Steel corporation suffered one set back today when one of its subsidiaries, the American Steel and Wire plant at Braddock and Rankin, decided to close down. Ten thousand men were thrown out of work there. Officials operated the plants yesterday with reduced forces. The men were paid off today and everything put in shape for a protracted shutdown.

THREE SHOT IN STRIKE RIOTS; NON-STRIKER'S WIFE MAY DIE

BUTLER, Pa., Sept. 23.—An innocent woman, the wife of a non-striking employee of the Standard Steel Car Works, was probably fatally wounded here early today when shots were fired through a window into the home of Michael Thompson. A small baby sleeping with the mother was uninjured and the husband, for whom the shots were intended, also escaped unscathed. Three bullets entered the woman's body.

State troopers arrested John Vargo, a striker, whom they asserted they found running away from the place.

SHARON, Pa., Sept. 23.—Two foreigners were shot here this afternoon in a resumption of the rioting which started last night.

Both men were wounded severely. They were part of a crowd which gathered in Stanton street near the entrances to the American Steel and Wire plant. The throng failed to move on when ordered to do so by mounted

SAYS REVOLT WILL FOLLOW MOVE TO BAN RAIL STRIKES

Glenn Plumb, Railroad Brotherhood Counsel, Opposes Cummins Bill.

POINTS OUT DANGER

Declares Measure Will Kill Industry Or Create Revolution.

WASHINGTON, Sept. 23.—Warning that any attempt to prohibit strikes of railroad workers will lead to revolution, was made today by Glenn Plumb, counsel for the railroad brotherhoods, who appeared before the interstate commerce commission of the senate to oppose the provisions of the Cummins' bill, returning the railroads to private owners and making a strike of railroad workers a misdemeanor. "It will either kill the industry or you will create a revolution," Plumb declared.

"Remove the cause of disorders," Plumb continued. "Strikes never occur when there is a declining cost of living. This bill fosters evil from which strikes arise and promotes strikes. It will create an industrial revolution instead of removing the cause of disorder."

The bill absolutely destroys the right of collective bargaining and is directed entirely against the wage earners, Plumb argued.

"It is an attempt by law to deprive workers of any effective means of collective bargaining and to make a strike a misdemeanor," he said.

"The strike is not the result of social disorder; it is the result of social unrest."

Plumb said that strikes might be effective means of reducing the cost of living.

"There never has been a strike to that end," inquired Senator Townsend.

"There never has," replied Plumb, "but organized labor now realizes that it can use the strike for that purpose. If the government and the officials don't reduce the cost of living, then the public and organized labor will."

SPRINGER IS CASHIER OF COMMUNITY BANK

J. Clyde Springer has been elected cashier of the new Community bank, E. G. Sturgis, president of the banking concern, announced Tuesday.

Mr. Springer was connected with the Citizens' National bank for eight years. He resigned that place recently to accept a position with a Cleveland oil concern.

The Community bank will open about Oct. 15 in the Hodson block, East Fifth street. Extensive repairs will be made to the bank offices, Mr. Sturgis stated Tuesday.

THREE JUSTICES TO BE ELECTED HERE

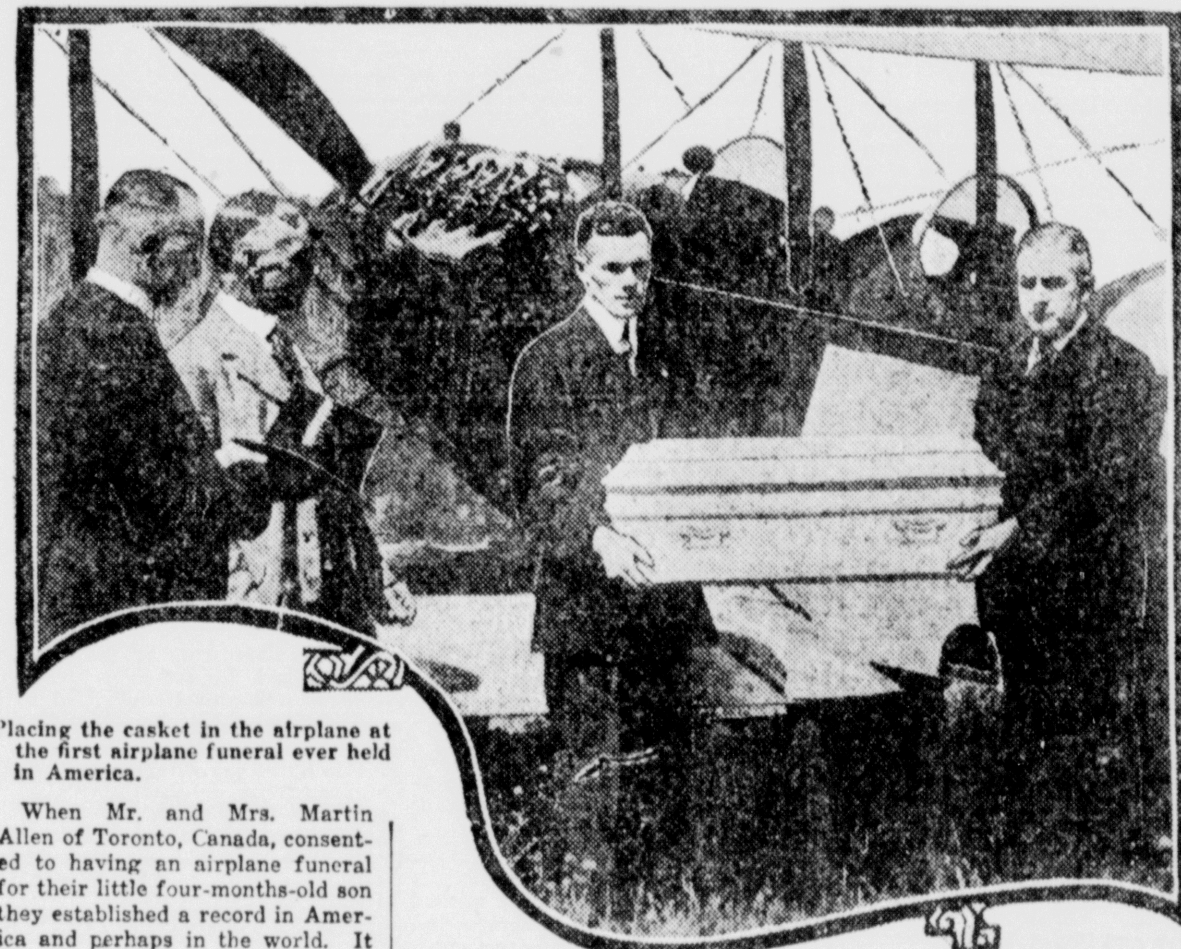

A member of the Pittsburgh police department was expected to arrive in East Liverpool Tuesday to take into custody three boys, claiming to be about 19 years of age, who were arrested at 3 o'clock Tuesday morning in East Sixth street by Captain George Toland and Patrolmen McFarland and Hissam.

The three were in an automobile when taken into custody. A loaded revolver was found in the possession of one of the boys. The lads later confessed to stealing the automobile in Pittsburgh.

AWAIT O. K. OF PACT BEFORE SETTING TRIAL

LONDON, Sept. 23.—The exact time for the trial of the ex-killer will not be fixed until three of the allied powers ratify the peace treaty, according to the Parliamentary lobbyist correspondent of the Daily Express today. Until that time, points out the writer, reported dates of the trial will be merely speculative.

TORONTO HAS FIRST AIRPLANE FUNERAL IN AMERICA

Placing the casket in the airplane at the first airplane funeral ever held in America.

When Mr. and Mrs. Martin Allen of Toronto, Canada, consented to having an airplane funeral for their little four-months-old son they established a record in America and perhaps in the world. It is the first funeral of its kind, it is claimed. The photograph shows the little casket being placed in

the plane to be carried three miles to Mount Pleasant cemetery. The short journey to the grave was made without mishap.

M'NUTT NAMED HEAD OF SCIO CHINA CO.

East Liverpool Man President of Company Building \$200,000 Plant—To Begin Operations Next April.

William T. McNutt, this city, has been named president of the new Scio China company, owners of the new seven-kiln generalware plant now in course of erection at Scio, it was announced Tuesday. Other officers of the corporation are W. T. Palmer, Celina, vice president; I. E. Minck, Carrollton, secretary; James I. Lore, Carrollton, treasurer.

The new company has been incorporated under Ohio laws at \$150,000. Work on the erection of the plant is progressing rapidly with the foundation partly completed. E. L. Jester of this city is superintending the building operations. Foundation is being laid for nine kilns, although but seven will be placed in operation at first.

It is planned to begin actual operation of the new pottery about April 1, 1920, Will T. McNutt, president of the company, stated Tuesday. The plant will cost approximately \$200,000 to erect. It will measure 550 by 150 in dimension and will be one-story, fireproof brick in construction.

The plant is located on the main line of the Panhandle and the Wheeling and Lake Erie railroads. Scio is situated about 35 miles west of Steubenville and but 14 miles from Carrollton. Officials of the company, other than Mr. McNutt, hold similar offices in the Albright China company of Carrollton.

The town of Scio has a population of about 1,500. It was formerly an established college town and ten years ago was the scene of an oil boom.

The Albright pottery in Carrollton is enlarging its plant with the addition of two new kilns. The plant will be of nine-kiln capacity upon completion of the new addition.

MEMBERSHIP OF AMERICAN LEGION IS INCREASED

Although no intensive campaign is being conducted at this time, the membership of East Liverpool Post No. 4, American Legion, has swelled from 200 to over 250 within the last two weeks, it was announced Tuesday.

Every man who wore the uniform of the government during the world war is eligible to membership in the organization.

B. & O. TRAIN DERAILLED; ENGINEER IS KILLED

CONNELLSVILLE, Pa., Sept. 23.—Fireman W. A. Glenn of Connelville, was killed, and Engineer F. E. Miller, aged 59, of Connelville, was injured when Baltimore and Ohio train No. 8 was derailed near here today. Reports that a number of passengers were killed and injured were denied by the railroad officials.

CANCELLING MACHINE INSTALLED IN P. O.

A new cancelling machine used in stamping letters, postcards and other first and second class mail will be installed in the downtown postoffice this week, Postmaster M. E. Miskall announced Tuesday.

The new machine, similar in type to the machines used in the larger city postoffices, will replace the old Goddard machine in operation here for several years. A delay in the arrival of some necessary parts to the new apparatus will delay its use for a week or ten days, Mr. Miskall said.

WILL PROTEST PHONE RAISE

Representative of Labor Council Will Attend Columbus Hearing.

Appointment of a representative to appear before the Ohio Public Utilities commission in Columbus, September 30, in protest of the proposed increase in telephone rates by the Chesapeake and Potomac Telephone company will be made at a special meeting of Trades and Labor council Wednesday night.

E. E. Spivey, chairman of a special committee named to investigate the new rate schedule for this district, will likely be selected as trades council's representative, it was stated Tuesday.

City Solicitor R. G. Thompson Monday filed a formal complaint against the proposed phone increase with the Public Utilities commission in behalf of Trades and Labor Council. Permission to act in any capacity he may deem necessary was also secured from city council Monday night. Solicitor Thompson will appear in person before the commission when the petition of the telephone company is brought up for a hearing.

SALEM PLANS CIVIC HOUSING CORPORATION

Propose to Construct 150 Or More Houses In North County Town.

CAPITAL IS \$200,000

Expansion of Industrial Concerns Demands Homes for Workmen.

Organization of a civic housing corporation, capitalized at \$200,000, for the purpose of financing the construction of 150 or more residences in Salem was inaugurated at a public meeting held in chamber of commerce rooms Monday night.

That Salem's housing problem is rapidly assuming a serious aspect and threatens to check the rapid growth of the city, was emphasized Monday night. The Mullins Body corporation, one of Salem's leading industrial works, is expanding so rapidly that an extension of its present works is necessary. If suitable homes can be provided its workmen, 300 skilled employees could be given employment at once, it was stated Monday night.

The lack of proper housing facilities has placed a temporary limit upon the expansion of the works, W. H. Mullins, president of the corporation, stated in a letter addressed to President R. S. McCulloch, of the Salem chamber of commerce. Plans of the corporation for the coming year call for the addition of between 1,000 and 1,500 skilled workers to the present staff, it was announced.

As a preliminary step toward improving the housing condition of the city, \$200,000 worth of stock in the new housing corporation will be floated at once and contracts let for the immediate erection of 150 residences to sell at \$4,000 each. Other dwellings will be erected as rapidly as possible, it was stated.

150 POLICE, TWO GUNS ON JOB AT WEIRTON

To guard against any outbreak growing out of the nationwide steel strike, authorities of Weirton, W. Va., have added 150 special police to the regular police force. Two modern machine guns have also been mounted for instant use in the event of disturbance. The Weirton Steel company's two plants in Weirton were operating in full Tuesday. Officials of the company were anticipating no disturbance, it was stated.

TITTONI QUILTS NITTI CABINET IN ITALY, SAYS ROME MESSAGE

Mystery Prevails Over Action to Be Taken at Crown Council.

WILSON'S CABLEGRAM

President's Move May Result In Compromise of Dispute.

LONDON, Sept. 23.—The Giornale d'Italia of Rome announces that Tommaso Tittoni has resigned as Italian foreign minister as a result of the Fiume situation, said a Central News dispatch from Rome today.

(Signor Tittoni became foreign minister on June 23 last when the Nitti cabinet was formed).

The greatest mystery prevails over the action to be taken at the crown council which King Victor Emmanuel has summoned at Rome, added the Central News dispatch.

Rome newspapers unite in attaching the utmost importance to the forthcoming meeting.

By JOHN T. PARKERSON.

PARIS, Sept. 23.—Another message, it is understood, arrived in Paris this morning from President Wilson which may result in a settlement of the Fiume problem along compromise lines suggested by the French. The compromise is said to be acceptable to the Italians. The president's message was addressed to the American peace delegates.

American delegates expressed fears today that if Gabriele D'Annunzio carries out his threat to blow up the port of Fiume, the Jugo-Slavs will retaliate with force of arms and thus create a situation which may spread to open warfare throughout the Balkans.

It is understood that if the Americans negotiate any further any concessions that they make will call for concessions from the Italians on the Dalmatian coast. It is absolutely denied in American circles that Premier Lloyd George or Premier Clemenceau have changed their position.

It can be stated on high authority that neither the British nor French favor any compromise which does not carry with it the internationalization of the port of Fiume.

The American delegates officially deny that D'Annunzio's coup will affect the final settlement of the Fiume problem in the slightest degree as it is pointed out if the Italians Continued on Page Two.

TO NAME HEAD FOR BIG DRIVE

Will Select Red Cross Campaign Leader On Wednesday.

Selection of a city chairman to direct the 1919 Red Cross Roll Call drive November 2-11 will likely be made at a meeting of the executive committee of the East Liverpool Red Cross chapter to be held Wednesday afternoon at 1 o'clock in the U. S. Potters' association rooms, Market and Fourth streets.

A call for the meeting was issued Tuesday by Mrs. Harvey McHenry, acting chairman of the local Red Cross chapter. Mrs. McHenry assumed active chairmanship of the chapter following the resignation of Chairman Edwin M. Knowles.

In addition to the appointment of a city chairman, plans for the coming campaign will be laid at Wednesday's meeting, Mrs. McHenry said. The 1919 drive will be the third national Roll Call campaign conducted by the American Red Cross. An effort will be made to increase East Liverpool's senior membership of approximately 9,000. Enrollment of the city's 5,000 school children in the Junior Red Cross will also be one of the objectives of the ten-day campaign.

FEDERAL MOVE MAY BE MADE IN BIG STRIKE

Eyes of Strike Leaders Are Turned Toward Washington.

CONCILIATOR ON JOB

Sailors Refuse to Man Ore Boats in Cleveland.

CLEVELAND, Sept. 23.—That the next important move in the steel strike situation is expected from Washington was the declaration of Henry W. Raisse, steel strike leader in the Cleveland district, today.

"We are resting on our oars today," he said. "Within the next two weeks some interesting developments can be expected at Washington when the senatorial committee investigation proposed yesterday gets under way. The people will then find out who is at fault and why we are striking. The end will then be in sight."

Color of reports that the government may take a hand in the strike was lent by the presence here today of John B. Lennon, conciliator for the United States department of labor. Lennon declined to discuss his mission but has already attended one session of the strike committee and was expected to meet again this evening with the committee conducting the strike.

Raisse, secretary of the strikers organization, estimated today that 20,000 more men will be forced into idleness before the week is out because of the steel men's walkout. They are employed in allied industries dependent upon the steel mills for materials. Several ore boats were without crews today as a result of sailors refusing to man them and Raisse declared today that all of the ore carrying vessels would be tied up by Thursday. He estimated the number of switchmen employed on local industrial railroads who went out in sympathy with the steel men at 1,000.

W. R. Rubin, counsel for the strikers, today received a telegram from John Fitzpatrick, head of the national committee, and William Z. Foster, secretary and treasurer, requesting that he return to Pittsburgh immediately to take charge of the defense of strikers who have been arrested for holding meetings.

"The men are being arrested in bunches," declared Rubin as he prepared to leave Washington.

RUSH OF ORDERS TIED UP FOOD SHIPMENTS

A reply to Postmaster M. E. Mitchell's inquiry concerning the delay in the arrival of parcel post shipments of army foodstuffs ordered through the postoffice here was received Tuesday from the zone surplus property officer at Chicago.

The army official stated that approximately 160,000,000 pounds of surplus army provisions had been ordered through the huge army storehouse in Chicago and was rapidly being assembled for shipment. He stated that every means were being taken to rush the filling of orders and urged that consumers be lenient toward the army officials in the delay.

Nearly \$600 worth of government postcards has been ordered by East Liverpool consumers.

BUFFALO, Sept. 23.—Announcement was made shortly before noon today that the Lackawanna Steel plant, which has been employing anywhere from 8,000 to 10,000 men for the past year, had shut down this morning on account of the steel strike. The plant of the Donnan Steel Company will close tonight.

REFUSES WILSON'S REQUEST TO SERVE ON ROUND TABLE

Brig.-Gen. Charles G. Dawes.

Brig.-Gen. Charles G. Dawes, one of the twenty-two men named by President Wilson to represent the public in the industrial round table session at the White House Oct. 6, advised the president that it will be impossible for him to serve. Dawes was the army's chief purchasing agent in France and only recently returned from overseas. He is president of the Central Trust Co. of Chicago.

MENTIONED AS ONE OF MEN WHO MAY BECOME CARDINAL

Archbishop Dennis J. Dougherty.

Archbishop Dennis J. Dougherty of Philadelphia is one of the two archbishops mentioned in connection with the selection by the pope of a new cardinal in the U. S. Most Rev. George Mundelein of Chicago is the other man mentioned. Only one cardinal is to be named.

LABOR LEADERS ASSESSED \$100

Two Fined for Disorderly Conduct At McKeesport.

McKEESPORT, Pa., Sept. 23.—J. L. Beaghan, vice president of the Pittsburgh Central Labor Union, and John Patterson of Chicago, vice president of the Brotherhood of Railway Car-men, were found guilty here today of disorderly conduct and violation of a city ordinance and were each fined \$100.

Beaghan and Patterson were arrested as a result of disorders here on Sunday. They were arraigned before Magistrate Trich. Three women were arrested in McKeesport today charged with disorderly conduct. It is alleged that they were intimidating men who refused to go on strike. One of the women was dressed in men's clothing.

STEEL MILLS

Continued from Page One.

In incipient rioting in half a dozen places in the Pittsburgh district Monday, two persons were killed and eleven others suffered gunshot wounds. State troops, reinforced by special police and deputies, were everywhere in evidence in the mill towns, patrolling the streets and preventing anything which gave the appearance of crowds or congestion about the mill entrances or in the streets.

The principal disorders occurred in Farrell, New Castle and Donora. There were minor disturbances in other cities, none of which attained the seriousness of those three points. In Farrell two men were killed and three injured. The trouble started, it is said, when Paul Prouse, a striker, took a pot shot at State Trooper Smith, who was riding down the street. Smith was hit in the leg, and Prouse was then killed, according to reports, by Andrew Winknecht, a special policeman. This proved the match to the powder and a young riot started which raged for several hours before the authorities succeeded in getting it under control.

Including in the seven shot in New Castle were two women, both of whom appear to have been non-participants in the disorders. Hundreds of shots were fired.

Another man was shot in Donora, where there were slight disorders when the night shift came on. Home- stead, where the bloody riots of 1892 occurred, was the scene of some disorder during the night, but was quiet this morning.

Further trouble was feared Tuesday, as orders went out from strike headquarters for the strikers to picket every plant in the district. There was little picketing done Monday, but today Wm. Z. Foster, secretary of the steel and iron workers' union, directed that the work begin in earnest.

With the big battle begun, both sides apparently settled down Tuesday for a finish fight. At strikers' headquarters it was stated that the figures on the number of strikers on the first day have greatly increased. Opinions as to the probable duration of the strike varied here today. William Z. Foster asserted that the strike would last until "Elbert H. Gary agreed to meet the strikers in conference."

In steel circles Tuesday it was predicted that the strike would last a month—and the operators would win the strike in the last week of that month.

"Mother" Jones, the fiery old god-mother to all strikers, who has been in evidence in every big industrial dispute for nearly half a century, is here. Due to advancing age, however, she is not as active as in years gone by, although she still addresses meetings and gives counsel to "her boys."

CHICAGO, Sept. 23.—The second day of the steel strike found both sides in the Chicago district fighting to gain the mastery left undecided by the first day's developments.

Union leaders professed satisfaction with the number of men who walked out during Monday. Officials of the steel plants located in this zone declared that the number of men on strike has been greatly exaggerated and with but few exceptions they will continue operations today.

Labor leaders today estimated that

REPORTS FROM STOCK MARKET

NEW YORK, Sept. 23.—Strength was shown at the stock market opening today, with the oil stocks prominent.

Mexican Petroleum sold up three points to 213 1/2; Texas Company three points to 269, while upturns of one point were made in Royal Dutch and P. N. American Petroleum.

Steel common held around 137 1/4, a loss of 1/2. Baldwin Locomotive rose 1/4 to 132 1/4; American Locomotive one point and Bethlehem Steel B and Crucible made fractional gains.

American Tobacco continued its upward movement, advancing over two points to 289. United Retail Stores was active and sold up one point to 211 7/8.

75,000 of the 80,000 or more steel workers in this district would be out today. Unofficial estimates from the companies were that only from 10 to 20 per cent of the men were out and many of these were expected to return to work during the day.

To date the strike has been most orderly, only a few fist fights being reported to the police and the union pickets at all plants showing a willingness to comply with the orders of the police.

Youngstown Mills Closed.

YOUNGSTOWN, Sept. 23.—The miles and miles of steel mills in the Youngstown area are practically closed today. Fires have been either banked or blown and the general impression which prevails is that the action of the steel corporation means that it will be a fight to the finish. Union officials here say the tieup is beyond their fondest hopes while mill officials admit that the situation here has completely paralyzed the steel industry in the Mahoning and Shenango valleys.

"We will win our contentions just as completely as we were able to close the mills," said S. T. Hammersmark, assistant secretary for the district of the 24 amalgamated unions.

Today Hammersmark wired the war department and called attention to the order of the department that soldiers in uniform not be allowed to do police duty. There are several hundred members of the American Legion in uniform doing police assignments in the residence districts of Youngstown.

Hammersmark was bitter today in his denunciation of the New Castle and Farrell riots. He blames the state of Pennsylvania for the "out-rage."

CLAIMS BIG WALKOUT IN SIX STEEL CITIES

WASHINGTON, Sept. 23.—In six important steel centers in the Pittsburgh district, 95 per cent of all the workers of the U. S. Steel Corporation, and 98 per cent of the workers in the independent steel plants in the same places are on strike, according to a telegram received today by William H. Johnston, president of the International Association of Machinists, one of the organizations directly affected in the strike, from an organizer of the association in the Pittsburgh district. The six steel towns named were Youngstown, where 26,000 workers were said to be out on strike, Elwood City, Sharon, New Castle, Farrell and Sharpsville.

AIR SERVICE PLANS AN ENDURANCE CONTEST

WASHINGTON, Sept. 23.—A trans-continental endurance contest is being planned by the air service of the war department. It was announced today. The date has not been decided upon, the preliminary arrangements call for the starting of the planes simultaneously from New York and San Francisco with a number of stops enroute. The object of the contest it was stated, is to demonstrate the practicability of trans-continental air service to determine the fitness of the average plane for such flights and to acquaint the public with the remarkable strides that are being made in aerial navigation.

An effort will be made to start the flight October 8, but this date if far from being certain, officials of the air service said.

VIENNA IS PARALYZED BY COAL SHORTAGE

VIENNA, Sept. 23.—This city is completely paralyzed by the coal shortage. The tramcars have stopped running and the factories are threatened with a shutdown. Half a million workmen are compelled to walk to and from their work.

The horse cab drivers are threatening to strike, demanding \$10 as the minimum fare, no matter how short the distance.

Admiral Andrews, U. S. Admiral Andrews is apparently fearful that the demonstrations may result in clashes with the Jugo-Slavs.

THREE BOYS HELD FOR PITTSBURGH POLICE

Three vacancies in offices of Liverpool township justices of the peace will be filled at the general election November 4 as a result of a decision Tuesday by Common Pleas Judge J. G. Moore in issuing a writ of mandamus ordering the Liverpool township trustees to declare a third justice of the peace place vacant.

Action to compel the Liverpool township trustees to provide for the filling of the office made vacant by the death of the late J. W. Hohmann was filed with the common pleas court recently by Attorney P. V. Mackall of this city. Mackall is a candidate for justice of the peace.

MOB RULES IN WESTERN TOWN

CUSHING, Okla., Sept. 23.—Mayor Nicodemus and several of the officials of Drumright, Okla., fled to this place to escape the fury of a mob, which late Monday took possession of the town. All wires to Drumright were taken over or cut by the mob.

The mob organized in sympathy with telephone strikers and after a picket had been struck by an officer threats of lynchings were made. The mayor and other officials were given until 10 o'clock today to resign. Before that hour, however, they had escaped from the town after spending a part of the night in jail for their own protection.

Governor J. B. A. Robertson has been asked to send guardsmen to the scene and the chief of police of Oilton, with several deputies, have gone to Drumright to try to restore order.

Three girls who had remained at work at telephone switchboards after the strike had started were spirited away from Drumright last night to safety at this place.

A large number of deputies were reported enroute to the scene of the rioting this afternoon and there was fear that bloodshed might result from conflict between the officers and members of the mob.

HEAD OF STRIKERS TO ATTEND MEET TUESDAY

CHICAGO, Sept. 23.—John Fitzpatrick, head of the Chicago Federation of Labor and chairman of the national committee of organizers for steel and iron workers has been summoned to Pittsburgh for a special conference of the committee tomorrow at which plans for spreading the strike to ore carrying steamers and railroads "to tie up everything" are to be discussed, according to an announcement at steel worker's headquarters here today.

SITUATION IN STEEL TOWNS

Reports from all over the country show the partial paralyzing of the steel and iron industries by the strike. A summary of the situation follows:

Pittsburg—Mills operating practically normal capacity. Cleveland—Three mills operating partially; all others closed. Wheeling, W. Va.—All plants closed. Tarentum, Pa.—All mills operating. Officials report increased personnel over yesterday. West Penn plant operating with 50 per cent force.

Braddock, Pa.—American Steel and Wire plants closed. Carnegie Steel and Thomson plants operating. Homestead, Pa.—All plants operating. Officials say only ten per cent of foreign labor struck.

Duquesne, Pa.—All plants operating practically 100 per cent. Clairton, Pa.—United States Steel plant virtually closed, some departments running. Woodlawn and Midland, Pa.—Crucible and independent plants running 100 per cent.

McKeesport, Pa.—All plants operating, some crippled, some report increased personnel. Monessen, Pa.—Five plants closed, 12,000 men idle. No attempt to operate. Beaver Valley—Plants operating.

Donora, Pa.—Plants closed, no attempt to operate. Sharon, Pa.—All plants closed by strike. Farrell, Pa.—All plants closed except Carnegie which partially operating.

Johnstown, Pa.—Cambria Steel plant closed down; Lorain plant operating. Sharpsville, Pa.—Partly operating. New Castle, Pa.—Carnegie plant operating fully. American Sheet and Tin Plate works partially working. Steubenville, Ohio.—All plants practically down.

Weldon, W. Va.—Weldon plants operating 90 per cent; yard trainmen reported going out which would tie up raw products. Youngstown, Ohio.—Practically all plants closed down.

ORGANIZED LABOR IS ATTACKED BY SENATOR

WASHINGTON, Sept. 23.—Condemnation of "violent methods of organized labor in forcing its demands" is voiced in a resolution introduced in the senate this afternoon by Senator Thomas of Colorado.

The resolution would put the senate on record as characterizing the closed shop as "un-American" and would declare strikes "for power" to be "conspiracies in restraint of trade." Senator Thomas announced he would call the resolutions up for consideration tomorrow.

DEATH ROLL

Mrs. Mary Yantz, 41, of 211 Walnut street, died Tuesday morning at the City hospital. Funeral arrangements have not been completed.

J. H. Lutton, 63, died Tuesday morning at his home in Kendall, Pa. The deceased was born at Pittsburgh September 15, 1866, and had resided in Kendall practically all of his life. He was a member of the Mill Creek Presbyterian church.

Surviving are his wife and five children, Clark of Hocktown, Lester at home, Mrs. Leslie Peterson of Steubenville, Mrs. David Craig of Chester, and Mrs. Alex Scott of Kendall. Funeral services will be held Wednesday afternoon from the late home, Rev. D. C. Schneidley, pastor of the Mill Creek Presbyterian church, will officiate. Burial will be made in Mill Creek cemetery.

REV. M'BRIDE PASTOR HERE

Rev. C. F. McBride, former pastor of the LaBelle View Methodist Episcopal church at Steubenville, will take charge of the Wellsville First Methodist Episcopal church beginning Sunday, October 5. Rev. Joseph Jacobs, present pastor, has been assigned to the Shelby Methodist church and expects to assume his charge there as soon as possible.

Announcement of these changes was made at the closing session of the northeast conference of the Methodist Episcopal churches at Trinity church in Youngstown, Monday.

Rev. Jacobs has been pastor of the local church for the past two years. He stated Tuesday that he expected to remove to Shelby early next week and would probably deliver his first sermon from the pulpit of the Shelby church Oct. 5.

The conference which closed yesterday was one of the most successful in years, said Rev. Jacobs. The sum of \$1,114,000 was shown to be in the conference treasury at the close of Monday's sessions, the result of the first year's campaign in the New Era movement.

Rev. S. M. LaPage was returned to the M. E. church at Sallaville; Rev. E. D. Burnette, of New Philadelphia, goes to Steubenville Hamline church; Rev. D. W. Merrill returns to Toronto and Rev. O. H. Houser, of Lisbon, was appointed as a missionary to the Phil. D. Islands.

CHANGES MADE IN PASTORATES

Division of the Orchard Grove Avenue and the Boyce Avenue Methodist Episcopal churches of this city into separate pastorates and the transfer of Rev. C. W. Cooper, pastor of the joint churches, to St. Clairsville were important changes affecting this city announced at the closing session of the Northeast Ohio conference of the Methodist Episcopal church Monday in Trinity Methodist Episcopal church, Youngstown.

Rev. J. J. Wyeth, pastor of the First Methodist Episcopal church; Rev. Earl Douglas Holtz, Sheridan Avenue M. E. and Rev. Myron W. Reese, Pennsylvania avenue M. E., were returned to their respective churches for another conference year.

Rev. C. W. Cooper, former pastor of the Orchard Grove-Boyce Methodist Episcopal church, will leave at once to assume his new charge.

Rev. E. G. Evans of Bergholtz has been appointed pastor of the Boyce Avenue Methodist Episcopal church in East End. The pulpit of the Orchard Grove church will be filled by Rev. L. C. Eldridge of Clyde.

Other appointments of clergymen in this district include: Rev. G. C. Giffin, Columbiana; Rev. W. S. Smith, Damascus; Rev. H. H. Powell, East Palestine; Rev. R. H. Pierson, East Rochester; Rev. W. H. Stewart, Leontia; Rev. D. E. Scott, Lisbon; Rev. Harvey Hill, Negley; Rev. C. E. Wester, New Waterford; Rev. G. C. Westlake, Rogers; Rev. E. W. Morton, Salem; Rev. J. M. Schafer, Sebring.

DYNAMITE IS PUT IN RIVER

What will probably be the concluding chapter in the Rosenberger ice plant dynamiting plot occurred Tuesday morning when Patrolman Joseph McDevitt tossed eight sticks of the explosive into the murky waters of the Ohio river.

The eight sticks of dynamite were all that remained of the explosive placed alongside the Rosenberger plant last May. The explosion occurred shortly after midnight and partly demolished the plant. A number of the dynamite sticks which failed to explode were found shortly after the blast planted against the building. They were taken to the city hall and remained there till Tuesday when they were placed where they will do no damage.

ROYAL WELSH SINGERS HERE OCTOBER 7

Under the auspices of the music committee of the First United Presbyterian church the Royal Welsh Singers will appear at the local church Tuesday evening, October 7, it is announced. The Welsh Singers were scheduled to appear here last winter, but their engagement was cancelled on account of the "flu" epidemic. In a lecture given in connection with the musical program, two of the members will describe their experiences aboard the Lusitania when the liner was sunk by a German submarine.

ONE BID RECEIVED FOR HIGH SCHOOL CONTRACT

One bid for the contract for the construction of the new high school building here was received at a meeting of the school board Tuesday night. DECLARE WAR ON DOGS IN TORONTO

The mad dog epidemic has seized Toronto residents and as a result the majority of the canine population of the town is threatened with extermination. Saturday evening a dog suffering with the rabies, was discovered and shot. Since that time at least a dozen dogs have been killed and the work will go on, it is stated, until all dogs permitted to run at large have been put out of the way.

Mayor Crawford states that he intends to enforce the dog ordinance. As a result officers are equipped with shotguns when making daily raids.

MAN AGED 58, WANTS TO ENROLL IN SCHOOL

CAMBRIDGE, Mass., Sept. 23.—A sub-committee of teachers will decide whether Ulysses Grant Houston, aged 58 years, shall be admitted as a pupil to the Cambridge Latin high school. Houston told the school committee he wanted to be prepared for Harvard university. His ambition was praised, especially by seven women members of the board, but some members doubted the effect of a 58-year old pupil on the younger boys and girls in the public school.

In marked contrast to Houston is Joseph Schankman, aged 13, of Chelsea, one of the freshmen who registered at Harvard university.

Hotel Committee Withdraws Plan to Lease Sixth St. Property.

The Taylor site, West Sixth street, is to be placed on the open market for sale to the highest and best bidder.

Decision to sell the city's lot was reached at Monday night's meeting of city council following the action of the hotel committee of Chamber of Commerce in withdrawing their request that the site be leased at a nominal yearly rental for hotel purposes.

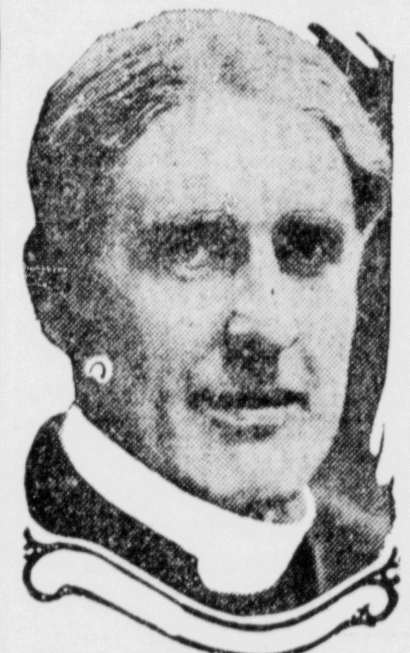

City Solicitor R. G. Thompson was authorized Monday night to draw an ordinance offering the site at public sale. Sponsors of the new hotel project will likely file a bid for the site, it was announced Tuesday.

T. A. McNicol, chairman of the Chamber of Commerce hotel committee, told city council that in view of the opposition to the proposal, the petitions being circulated in behalf of the new hotel project would not be submitted. James Duffy, representing Trades and Labor council, voiced the disapproval of the labor body on the proposed leasing of the site at a nominal rental. He declared that Trades council was in favor of the project but was of the opinion that the site should be sold.

BLAMES RADICALS FOR STEEL WORKERS' STRIKE

WASHINGTON, Sept. 23.—Declaring that the radical element in labor is in the saddle and responsible for the calling of the steel strike, Representative Cooper of Ohio, in the house this afternoon bitterly assailed W. A HALLOWE'EN CELEBRATION.

If plans now under consideration by Mayor J. S. Wilson and members of the American Legion Post materialize, East Liverpool will have one of the biggest Halloween celebrations in her history.

In order to show proper appreciation of the sacrifices made by East Liverpool's 1,200 soldiers, sailors and marines in the world war, it is proposed to stage a homecoming reception in connection with the Halloween observance. And judging from the approval given the suggestion, it seems likely that the plan will be adopted.

Halloween seems the proper time for this homecoming celebration. Unless this date is selected, it is not likely that it will be possible to hold such an event, for the longer it is postponed the more difficult it will be to persuade the boys whom the city desires to honor to turn out for any form which the reception may take.

It seems to be the consensus of opinion that East Liverpool should hold a Halloween celebration. The event is celebrated in practically every city in the United States. And none could hope for a bigger attraction in connection with such an observance than a parade and reception for the young men who answered the government's call for soldiers, sailors and marines in the late emergency.

Let's get behind this movement and stage a real Halloween celebration.

THE BOY IN THE MOB.

In reports of the recent riots in Boston, and similarly from other points in the country where there have been disturbances, the statement is made that the offending rioters are mostly boys.

It is difficult often for the authorities to deal with street uprisings just for this reason. In the forefront of every mob are boys so young that hesitation is felt in applying the stern measures of suppression which could be dealt out without mercy were the mob composed of the older men who started the trouble. But even a mob composed largely of young boys can do infinite damage, and by its lawless excitement extend the mob spirit far and wide.

The boys are not really to blame. The blame rests with the older individual who brings violence to his cause or preaches violence to others. The boy goes headlong because he is a boy. He has not the judgment to weigh the evidence or realize the danger.

Wherever street brawling occurs it must be broken up first, and unhappily, if it has attained such proportions that armed attack is necessary, this means must be employed. If in the course of such action young boys are maimed or lose their lives it is to be deplored, but the public safety is the first consideration.

When the trouble subsides, however, the instigators of such rioting should be sought out, and punished not only for their own acts but for the effect of their example upon the youth of the community. For, as the Washington Star points out:

"Their corruption of youth is a greater and graver offense than their violation of specific laws. For the boy of this day becomes the man of a later day; and if when a boy he is incited to violence and grows up in such an atmosphere he exhibits his vicious training as long as he lives. And the men who start him on his career become responsible for him and his misdeeds, however numerous and spread out over the years."

BETTER COMMUNICATION.

One more successful radio experiment has been made, and has been hailed as an important factor in future coast defense and naval warfare. Telephonic and telegraphic communication was established between a hydroplane, flying nearly 2,000 feet in the air, and a submarine several fathoms under water.

The experiment was performed off New London, Conn., over—and in, to be quite accurate—Long Island Sound. The delegates to the annual convention of the Edison Society of Electrical Engineers were witnesses.

This is a very interesting development, and one that will undoubtedly prove of great value in case of war. In peace time, too, there will probably be many uses for such communication.

The ordinary person, however, whose temper has been somewhat injured by modern telephone service and whose recent experience with telegrams has been painful, may be pardoned for sighing over the rapid advances and new inventions in communication methods. He would be willing to forego communication between airplanes and undersea craft if only he might be assured of getting the number he calls over the telephone the same day he calls it.

WHY SOLDIER BOYS GET HOMESICK.

Mrs. W. B. Arnold of Arkadelphia, Ark., who is said to have the distinction of being the only mother who visited her son in France, has the following comment to make on the life of the American soldiers as she found it:

"The boys over their miss home life in having to do their own washing, and they don't boil their clothes, which, of course, is conducive to disease. Then, although the food is good—and I ate with the boys—lining up with mess tins and eating most any place does not induce good table manners.

"And their beds are not as comfortable as the beds they slept in at home. A boy wants a soft bed, and he gets it just right in an American home. These are the reasons the boys are homesick."

Washing their own clothes, missing mother's cooking and the home table, and lacking the soft comfort of their accustomed beds—these are things whose hardship the American soldier boys would indignantly repudiate. Yet, quite likely that Arkansas mother is right. It may be precisely such things—and the associations that go with them—that make the boys want to come back. They do not get sick of war so much as sick for home.

Too many aviators are killed while demonstrating how safe aviation is.

NEW YORK LETTER

By O. O. McINTYRE.

NEW YORK, Sept. 23.—A page from the diary of a modern Samuel Pepys. My house is so clean as I never saw it and my new books are in a great new shelf. So in great content I had breakfast in bed and the hand-maiden, being a dotard, left the coffee tankard on the table piece scorching it badly and I am in for a raking over when my wife, poor wretch, catches sight of it.

This day I did get a brief look at Mr. Lord Perelberg, and a noble figure he made and through the town and everywhere there is high words over the cost of victuals and I know not what the end will be, setting out this day one pound ten for some kerchiefs.

My old fellow worker from the west came and in great want of money got a sum from albert I have heard bad tales of him. A woman smoking a paper cigaret in a lift amazed me today, she seemingly being without shame. And in fine dress and costly perfumes, too.

Mr. Totten, the surgeon, lunched with me, paying the reckoning with bravery and we banded good-naturedly about his profession. A stranger of good condition came to our table and told of a man next to him emptying a cocktail out of a huge fountain pen he carried in his waistcoat. A strange custom indeed.

W. Larkin and Miss Larkin this day set forth on a barge for Calcutta and heaven knows when we shall see them again. Home afoot and on the highway were two pretty women alone and an idle gentleman who tried to put himself in their company and they instantly had him taken away to jail.

My wife still in the country I walked around the house, looking in this closet and that for something to read and then searched through all the bureau drawers to while away time and upset many things and I took a great spell at whistling, performing until my neighbor to the east rapped smartly on the wall. And so to bed.

At Bellevue hospital, whither victims of drink are taken in emergency for New York, the records of the alcoholic and psychopathic wards show that during August, 251 women and 32 men were admitted as patients—this after two months of wartime prohibition. During the same month in 1918 there were admitted as patients to these same wards, 234 women and 315 men. Not much of a falling off and there is no denying that as many drunken people are seen now as before July 1.

Now that the actor's strike is far into the past, the grease paint manufacturers are saved from bankruptcy, the chorus girls are in a position to face the high cost of nobby tread timers without alarm, and in deed, everything is settled—except the matter as to whether George Cohan really intends to run an elevator as he said he would if the actors won and whether David Belasco will rescind his threat, if they won, never to produce another play. Great children, these actors. And managers, too. The most outstanding result of the strike was to convince a large number of first nighters that evenings at home with the family are not so horrible as supposed. Also that moving picture shows are really worth while.

There is a little Chinese laundry down on Bleeker street that is the hang-out for radicals of the neighborhood. The owner cannot speak English and so for that reason the radicals may say what they please about the government and have no fear of the proprietor going to the Department of Justice.

SALEM STEEL PLANT NOT HIT

Salem, Sept. 23.—The plants of the American Steel and Wire company, a subsidiary of the United States Steel Corporation, was in operation this morning with 100 per cent of its employees on the job, despite the steel strike. There is every indication that there will be no trouble at the local plant. The workers seem satisfied.

The plant will continue to operate as long as the material is available. It was stated that a good supply of material is on hand at the plant and that it can operate for some little time. Of course, if the steel strike is of long duration, work at the plant may be hampered to some extent in securing material. The greatest difficulty, it is thought, in this line would be the transportation by reason of delay in service.

About Chronic Catarrh.

Chronic catarrh results from a neglected cold or from a succession of colds, that is, before you are over one cold you contract another. The inflammation at first acute, becomes chronic. When the cold is properly treated and promptly cured there is no further trouble. Parents often neglect colds contracted by their children and chronic catarrh, from which they never fully recover, is the result. To get rid of a cold take Chamberlain's Cough Remedy. It is prompt and effective.

RRRRRR

Kelly Springfield

The man who wrote "a thing of beauty and a joy forever" may not have had a Kelly Cord in mind, but certainly he gave an accurate description of one. Behind the clean-cut lines of a Kelly lies a world of strength and endurance. It's a thoroughbred, with all the name implies.

Revoke Charter of Union.
BANNOCK, Sept. 23.—The United Mine Workers of America have revoked the charter of the union at the Progress Coal company's mine because the men refused to resume work as ordered by officials of the union. The men struck two weeks ago with authorization, it is claimed. The mine is owned by the Youghiopheny and Ohio Coal company, Cleveland, one of the largest operators in western Pennsylvania, West Virginia and eastern Ohio fields.

Cambridge—Frank Sweetzer, Zanesville, with Clarence and Joseph Smith, of this city, have been bound over to the grand jury on the charge of entering a box car of the Pennsylvania railroad company.

Ohio Girls Go to Egypt.
Steubenville, Sept. 23.—Three eastern Ohio girls have sailed for Egypt under the auspices of the United Presbyterian foreign mission board. Miss Elizabeth Speer and Miss Alice Black, both of this city, go to Egypt and India respectively, while Miss Margaret Cleland of Bellaire is en route to teach in the girls' school in Cairo, Egypt.

Unable to Accept Invitation.
CINCINNATI, Sept. 23.—Word has been received here from Lloyd George that he will be unable to attend the convention of the Disciples of Christ church, although he had been given an urgent invitation. Mr. Lloyd George says he will be unable to leave England owing to "pressing business."

A Woman's Message to Women:
CINCINNATI, OHIO.
"When I received your generous gift of Sympathy and Help, I was so glad. I had little interest in life, was irritable beyond control, but believe me when I say your treatment gave relief at once, and now I feel like a new woman. The terrible pain in my side and the heavy dragging-down feeling are all gone. I honestly believe I was saved from an operation. Mrs. Summers' Ophelia Remedy truly is a Godsend to suffering women. Please print this in your paper so that all who are suffering from these troubles will know where to get the Ophelia Remedy."
MRS. T. G. CARVER, 3009 Russell Ave.
DETROIT, MICH.
"Six months ago I wrote for a sample of Mrs. Summers' Ophelia Remedy. I had spent hundreds of dollars seeking health, before I came to your Ophelia Remedy. I was just at the point of having an operation, as I was in terrible shape from not having proper care after confinement. I ordered six boxes of your treatment, and today I am a well woman, and so my work and enjoy myself. Words cannot express my gratitude. Use my letter wherever you wish, as I am convinced there is nothing in the world like the Ophelia Remedy."
MRS. CHARLES LENTZ, 818 Sheridan Street.
Only A Woman Knows A Woman's Tris and Understands Her Need of Sympathy and Help.
That is why hundreds of women gladly testify to the value of Mrs. Summers' popular Ophelia Remedy. It relieves so much of the misery and suffering known only to womanhood. RELEVER, if you are troubled with some of those special ailments of women—
SEND FOR A FREE TEN DAYS' TREATMENT
With illustrated, descriptive copy of "Woman's Own Medical Advisor." Test Mrs. Summers' Ophelia Remedy for yourself, in your home, without the knowledge or aid of anyone. You can then continue it, if you wish, at about 10c a week. Buy twenty-five boxes of Ophelia Remedy, and receive a complete course of treatment for yourself, and for your family. Used by old and young and does not interfere with daily work. Write in confidence, as your letter is opened, read and answered by a woman. For the Free Trial, address:

Asserts New Discovery Brings Blessed Relief To Rose and Hay Fever Sufferers
Can Make It Yourself At Home At Trifling Expense
In spite of all the doubters and scoffers, a man in Kentucky, who changed his annoying and distressing hay fever into less than a mild cold, claims most emphatically that if taken in time hay fever can be conquered or at least made so harmless that it is not even bothersome.
He gave his discovery to scores of other sufferers with the most remarkable results and has recently been prevailed upon to dispense it through pharmacists to all hay fever sufferers who still have faith that nature has provided an effective remedy for this common yet miserable disease.
And best of all this remedy costs almost nothing. Get a one ounce bottle of Mentholized Arcline at any drug store, pour the contents into a pint bottle and fill the pint bottle with water that has been boiled.
Then gargle as directed and twice daily sniff or spray each nostril thoroughly.
That's all there is to it; so simple that a lot of people will say that it can't do the work; but oftentimes simple natural remedies are the best as you will find after using.
If you will make up a pint and use it for a week or ten days you need not be surprised if your unwelcome yearly visitor fails to appear.

WITH THE WOMEN OF TODAY

An international conference of Women Physicians, representing thirty countries, including China, Japan and South America has opened at the Young Women's Christian Association in New York City. This is the first international conference of women physicians in history. It will last from Sept. 15 to Oct. 26.

Many important questions will be considered, as health and personality; exercise, the most neglected health habit; dress as an index of the position of women, including corsets and hygienic footwear; place of sex in life; study of human motives, conservation of the health of women in marriage; venereal disease; white slave trade and others.

Among the foreign representatives will be Dr. Bernard Hart, London; Dr. Ada Potter, Holland; Dr. Anna Christinger Tobler, Switzerland; Dr. Mary Gordon, London; Dr. Alicia Moreau, Argentina; Dr. Anna Moutet, France; Dr. Abraham Flexner of New York City, a recognized authority will discuss prostitution; Dr. Bernard Hart, the normal process of development in the adolescent girl, and Dr. Estrid Hein, marriage and divorce.

Dr. Dagny Bang is the delegate from Norway. Dr. Bang who came from Kristiana is a member of the National Council of Women, which is affiliated with the International Council of Women. For ten years she has been specially interested in working upon laws for the prohibition of night work for women. She has contributed to the medical press and daily newspapers on subjects connected with politics and the status of women; also as a lecturer has met large groups of women and girls, of all classes and ages, speaking to them principally on the subject of health and social problems.

GETS NOVEL ARMY JOB.

Mrs. Thomas H. Larke, known as "Mother Larke," of Berkeley, Cal., has been notified by Gen. Hunter Liggett of her appointment as special assistant morale officer of the eastern department, and will serve as such in so far as the duties of that office are concerned with the general welfare and contentment of enlisted men. Mrs. Larke followed the Berkeley contingent to all parts of this country during the war, before it was assigned to other outfits, and then directed all her attention to military men in the bay region and formed the Berkeley Women's Home Comfort Corps.

HEADS DIETETIC MEETING.

Miss Lulu Graves, president of the American Dietetic Association, who has been spending the summer in Chicago, completed the program for the second annual convention of the American Dietetic Association, which opened at Cincinnati recently in connection with the convention of the American Hospital Association. She served for nearly four years at Michael Reese hospital, and is now professor of home economics at Cornell university and editor of the department of dietetics of the Modern Hospital magazine, Chicago.

EVEN HOUSE OF COMMONS INFESTED BY PROFITEERS

LONDON.—The probing of profiteers begins at home so far as one member of the House of Commons is concerned. While other members shouted the shame of the country profiteers this member took four of the certified "one penny" butter pats from the House of Commons dining room, weighed them on a delicate chemist's scale, and found that he had been buying butter at the rate of \$4.75 a pound.

The member wants something done about it, but the kitchen committee seems inclined to stand pat and let him go right on muck-raking.

Diarrhoea in Children.

For diarrhoea in children you will find nothing better than Chamberlain's Colic and Diarrhoea Remedy, followed by a dose of castor oil. Mrs. W. S. Kunkle, Blairsville, Pa., writes, "I believe Chamberlain's Colic and Diarrhoea Remedy saved my little boy's life two years ago when he had summer complaint that run into bloody dysentery. After giving him one dose of this medicine I saw a change for the better. Thus encouraged, I kept up the treatment and he was soon out of danger."

WILL CONFER WITH WORLD PHYSICIANS

Dr. Mary Gordon.

Dr. Mary Gordon of London, who arrived here recently to attend the first International Conference of Women Physicians in history, has for many years held appointment in the British civil service as inspector of prisons. She is also assistant inspector of states and certified inebriate reformatories. In these capacities she has supervision of all the prisons for women in England and Wales. Dr. Gordon has had a very large experience in the study of social disease, feeble-mindedness, mental instability, vagabondage and criminality, as well as alcoholism.

THREE JAILED; HUNT \$141,000

Part of Cash Shipment of \$234,000 Stolen from Mails.

CHICAGO, Sept. 23.—With three men, Leo and Walter Phillips, brothers, and John S. Wejta held at police headquarters, police, detectives and postoffice inspectors today are searching for \$141,000 in currency, part of a cash shipment of \$234,000 stolen from the mails at Whiting, Ind., last Thursday.

The \$234,000 intended for the payroll of the Standard Oil Company of Indiana, was in transit from a Chicago bank to the bank of Whiting, Ind. when two men held up the postal clerk at the Pennsylvania railroad station in the Indiana town and made their escape with the mail pouch containing the cash.

Following the arrest late last night of the Phillips brothers, taken into custody when the police say they "flushed rolls of several thousand dollars on the street" detectives went to their home where they found \$93,000 in currency.

The money was hidden behind pictures, closets, between sheets on beds in the room occupied by the Phillips brothers and under the carpets.

This is the Stove Polish YOU Should Use

It's different from others because more care is taken in the making and the materials used are of higher grade.

Black Silk Stove Polish

Makes a brilliant, silky polish that does not rub off or dust off, and the shine lasts four times as long as ordinary stove polish. Used on sample stoves and sold by hardware and grocery dealers.

All we ask is a trial. Use it on your cook stove, your parlor stove or your gas range. If you don't find it the best stove polish you ever used, your dealer is authorized to refund your money. Just try Black Silk Stove Polish. Made in liquid or paste—one quality.

Black Silk Stove Polish Works

Sterling, Illinois

Use Black Silk Air-Drying Iron Enamel on grates, registers, stove-pipes—Prevents rusting. Black Silk Metal Polish from liver, nickel or brass. It has no equal for use on automobiles.

Tobacco Habit Dangerous

says Doctor Connor, formerly of Johns Hopkins hospital. Thousands of men suffering from fatal diseases would be in perfect health today were it not for the deadly drug Nicotine. Stop the habit now before it's too late. It's a simple process to rid yourself of the tobacco habit in any form. Just go to any up-to-date drug store and get some Nicotol tablets; take them as directed and lo! the pernicious habit quickly vanishes. Druggists refund the money if they fail. Be sure to read large and interesting announcement by Doctor Connor soon to appear in this paper. It tells of the danger of nicotine poisoning and how to avoid it. In the meantime try Nicotol tablets; you will be surprised at the result. For sale by Charles T. Larkins.

COUNTY NEWS

UNEXPECTED IS END OF CASE

The case of Mrs. William Grupper of Lisbon against Ralph McQuiston of Columbiana, in which an effort was made by Mrs. Grupper to get the custody of her four year old grandchild, came to an unexpected ending when after hearing the evidence Juvenile Judge S. W. Crawford stated that he would settle the matter by sending the child to the Fairmount Children's home near Alliance.

Mrs. Grupper is the mother of McQuiston. She has been twice married. McQuiston's first wife died and he remarried a few months after her death. The evidence showed that during the illness of the first wife a sister at Salem had the baby, but that after the mother's death McQuiston took the child away from her and placed it with the woman he afterwards married. From that time on there had been trouble, witnesses testified. Attorney Wallace, who was counsel for McQuiston, stated he would advise habeas corpus proceedings to recover the custody of the child.

Marriage Licenses.

Marriage licenses were issued as follows Tuesday: Walter R. Simpson of East Palestine and Bertha M. Shively of New Waterford; Fred W. Neiser and Verner Harrison, both of East Liverpool; George W. Stockwell and Mrs. Anna Conkle, both of Salem, and Howard Flynn of Youngstown and Vera Roman of Homeworth.

SEVEN MORE SUITS AGAINST SALEM CITY

Seven additional damage suits have been filed against the city of Salem for damages claimed to be caused from sewage from the city main line sewer emptying in a natural water course. Those bringing suits and the amount of damages claimed are as follows: Minerva Umstead \$3,500; Mary C. Campbell, \$2,500; Victor Vica, \$1,500; Andrew Kepper, \$3,000; Elmer Mincer, \$2,000; George Wiegard, \$3,500; Samuel McCune, \$2,500.

Files Suit For \$3,000.

P. M. Smith of Wellsville brought suit against the Crystal Springs Ice company for \$1,000 which he claims to be due for three-inch pipe retained by the ice company. Smith claims the pipe is his property.

WILLIAM TOOT PATIENT IN MILITARY HOSPITAL

William Toot of Lisbon has received word from his son, Jay Toot, of the regular army, advising that he is in the military hospital at Garden City, L. I., recovering from injuries received in the big parade at New York. Neither the nature of the accident nor the extent of the injuries was stated. Jay said, however, that he hoped to be out of the hospital in four or five weeks and would perhaps get leave to come home. There were three of William Toot's sons in the army. Two of them have returned home.

URGES PASSAGE OF TAX LEVY

County Commissioner John H. Hinchliffe Tuesday stated that he believed that if the people of Columbiana county rightly understood the proposition to levy a special two mills road tax that it would carry by a large majority at the November election.

"The only trouble," said Mr. Hinchliffe, "is that this thing was not started years ago. Then we would not have been burdened by a million dollar debt for road bonds issued and would not be now paying \$40,000 or \$50,000 a year in interest alone, besides redeeming bonds."

"This two mill levy might make taxes some higher for a year or two, but in the interest saving and lessening of the bond issues in a few years we would have a less tax rate for road purposes."

"Then there is another thing. The general government and the Ohio state highway department are planning to distribute millions of dollars

for road building, but to get this federal and state money each county must contribute a certain share toward the road improvements. Without this levy how are we going to get the dollar to match the other dollars that are offered to us?

"Road building must go on and roads already built must be maintained. This will take money and if we can get a large portion from the state and nation we had better tax ourselves a little heavier for the time being than to miss all this help and be compelled to go it alone in the later years."

SATIN FROCK IS ALWAYS GRACEFUL

The woman who wants graceful lines uses satin. Here is a smart afternoon frock of soft heavy satin made with regard for effective simplicity. A quaint piping of plaited satin, hemmed in, trims the surplice collar, short sleeves and the gracefully draped skirt. The dots on the skirt are of white lawn secured by little French knots and outlined with a small embroidery design. There is nothing particularly outstanding about the frock, yet it has the distinction and charm which is produced only by the expert designer.

BOWLING, DANCING IN CHURCH, PASTOR ADVOCATES

BOSTON, Sept. 23—Modern churches should be equipped with bowling alleys and provisions for dancing, Baptist ministers here were told by Rev. J. J. Phelan, of Toledo, Ohio. He says: "Many amusements must be taken out of their present surroundings. Why should pool, billiards or bowling have evil associations when they can be made into wholesome pastimes? Dancing can be overdone, but it has true value as physical exercise and in the development of the poise."

HUBBY WAS A HUN WAR BAROMETER, SEEKS DIVORCE

PATTERSON, N. J., Sept. 23—Mrs. Mamie G. Muller is seeking a divorce here today because her husband turned out to be, among other things, an excellent war barometer. "I could tell by his face just how the war was going," Mrs. Muller told a chancellor appointed to hear her case. "Whenever the Germans were losing he would come home drunk. If the Huns won a battle he smiled sweetly and petted me."

THOUSANDS HALF-SICK, RUNDOWN NEED GOOD TONIC IN THE FALL

Office Work, Strain, Overwork Cause Derangement of Whole System, Digestion, Nerves, Blood and Weight Show Signs of Breakdown.

Earle's Hypo-Cod Puts user back on Feet Stronger and Heartier in Few Days.

GOOD PRECAUTIONARY MEASURE FOR FALL.

Cross, peevish, headachy, thin, and pallid looking people aren't entirely to blame for their grouch. It isn't any fun to wake up feeling out-of-sorts, dizzy, weak, and nervous and with no appetite at all for breakfast or the day's work. No siree! and when on top of everything else and a long day's work, things go wrong it's no wonder folks "Blow-up."

When at noontime you haven't any appetite. When your heads swims around like a top, and you have to get back to the grind, it is time to either lay off and take a vacation or else bolster up nature with a good tonic. Most of us have to do the latter for want of time and to save expense.

Of course if it's just a headache perhaps a powder will do, but nine times out of ten that "all in" feeling is due to a breakdown. Your system is out of order and lacks the strength to ward off spells. You are just like a person after sickness. You are worn-out and need a tonic.

Narle's Hypo-Cod being the favorite by long odds for people getting over a spell of sickness is also a big favorite with those who just need a toning and building up. It does the work so much quicker. Puts the appetite, digestion, nerves and blood back in shape so quick. Revives the strength, energy, stamina so much faster. Narle's Hypo-Cod is the one being featured again this fall by most all well stocked druggist.

Narle's Hypo-Cod seems to help the nerves, make sleep come easy nights and you wake up feeling fresher and better for work. It cleanses away that bronchial or catarrhal trouble and that little cough that you often have this time of the year. Clears up the head and blood and brings back the robust healthy color of younger days. Puts the system on its feet by strengthening and building you up and after all is said—with vigorous health nature herself will cure our ills.

Good health is a priceless asset worth restoring if you can and the sooner you can the better. Read what users say about Narle's Hypo-Cod in following issues of this paper.

Narle's Hypo-Cod is not a patent cure-all. It contains the extract of Cod liver oil, malt, iron, extra select sherry wine, wild cherry bark and the compound syrup of hypophosphites of lime, potassium, manganese, strychnine, quinine, and sodium. A delightful preparation freed entirely of fishy nasty taste and agrees perfectly with the most delicate stomach. It is the product of one of America's largest, oldest and finest laboratories and each product bears the nationally known Narle's Chemical Company's name and the formula printed plainly upon the bottle. Substitutes are common and it should be remembered that Narle's Hypo-Cod is a highly effective preparation of great strength unequalled.

Narle's Hypo-Cod is sold by all good druggist. Price \$1.25 plus 5c war tax.

THOMPSON ASKS COURT TO HOLD UP FARE RAISE

Application for Injunction is Filed in Common Pleas Court.

C. R. BOYCE ACTS

Chester Man, Taxpayer in East Liverpool, Wants Transfer Privilege.

City Solicitor R. G. Thompson Tuesday filed an application for an injunction in common pleas court in Lisbon, seeking to delay the establishment of increased fares on the city lines of the Steubenville, East Liverpool & Beaver Valley Traction company.

Action of City Solicitor Thompson was taken at the instigation of C. R. Boyce of Chester, a taxpayer in East Liverpool. Mr. Boyce, according to a formal request filed with Solicitor Thompson, is "in hearty sympathy with any legislation which will grant to the traction company a fair and reasonable increased revenue, but unalterably opposed to any action which is manifestly unfair to a part of the patrons served." Reference is made in Mr. Boyce's communication to the future of the traction company to issue transfers on the Chester line.

The river road, between its intersection with the present improved paving near the C. C. Thompson pottery and the East End, will be improved following steps taken by city council Monday night. Pottery manufacturers along the thoroughfare have offered to pay one-fourth of the cost of the improvement fronting their holdings. A resolution initiating the improvement will be presented at the next regular meeting of city council. The street will cost approximately \$50,000.

Grading and sewerage of Morton street between St. Clair avenue and Lincoln avenue again confronted city council Monday night, when it was learned that the sewer system could not be laid without its extension to the present sewer line on Prospect street. Rather than add to the delay in the improvement, City Solicitor R. G. Thompson was instructed to draw up a petition to be circulated Tuesday by Councilmen Barlow and Roe among the owners of property along St. Clair avenue between Norton and Prospect streets. If property owners affected by the improvement will agree to meet their share in the cost of the improvement, necessary legislation can be waived and the project rushed to completion.

Request of the Newell Street Railway company that city council enact an ordinance approving a proposed fare increase on the Newell lines was referred back to the company. City council has no authority to act in the matter, it was explained, inasmuch as the line comes within the jurisdiction of the interstate commerce commission.

Formal acceptance of the 90-day trial franchise establishing a zone fare system on the city lines of the Steubenville, East Liverpool and Beaver Valley Traction company was filed with city council Monday night.

A recommendation from the board of health that sanitary sewers be laid on Dresden avenue, Lisbon, West Fourth street and St. Clair avenue before they are permanently improved was received.

Council authorized payment of \$150 to the Potters' Motor Car company in settlement for personal injuries and damages to an automobile incurred when the machine was wrecked in an exposed ditch at the intersection of Dresden avenue and Spring street.

SHE'LL BE FIRST LADY IN BASEBALL IF CINCI WINS

Mrs. Pat Moran.

When Pat Moran entered his house one day last spring and said to Mrs. Moran, "I've signed to manage the Reds," she probably said: "All right, let's give them a pennant." She looks just like that kind of a helpmate. The Reds copied the pennant. Now, if they cop the world series, too, Mrs. Moran may well be called the first lady of baseball—for Pat will be king in the baseball world.

WEDS TO GIVE HER EXPECTED CHILD A NAME.

NEW YORK.—Is a woman justified in defrauding a man into marrying her in order to give a name to her expected child—that of another man?

This is the problem presented in the Circuit Court here, in the filing of a suit for annulment of marriage by William F. Hoppe, against Stella S. Hoppe.

Hoppe married the girl on June 15, 1918, and a child was born on January 23, 1919. Hoppe swears it was not his baby and charges that "a physician" and the girl he married tricked him into marriage in order to give her child a name.

The husband has an affidavit from his wife bearing a confession of her misdeed prior to her marriage.

A Cleveland Letter that Should Interest EVERY Truck Operator

It's from Mr. H. F. Geist of the Geist Building Material Co., of Cleveland, and relates to tire and truck savings.

Read it:

"By consulting our records we find that on our 5-ton dump truck we have been operating a pair of Goodrich De Luxe Truck Tires for a period of over 2½ years. We consider this service exceptional. In fact, these tires have outworn two tires of standard makes.

"We are so pleased that we have put De Luxe Tires on some of our other trucks.

"There is no doubt that the high contour and resiliency of these tires add materially to the life of the truck."

Performances everywhere is proclaiming their goodness—performance on the road, where it counts. Act on Mr. Geist's recommendation—buy De Luxe.

COUNTY MILLS NOT AFFECTED

Chester and Weirton Plants Operating Despite Steel Strike.

According to reports Tuesday, no mill in Hancock county is affected by the nation-wide strike of steel workers.

A survey of the situation showed that the American Sheet and Tin Plate plant in Chester and the Weirton Steel company's mill at Weirton were operating, both claiming that no employees had joined the strikers. The Follansbee Bros. plant at Follansbee, which signed the new scale of the Aluminized Association of Steel and Iron Workers, was not included among the mills against which the walkout was ordered.

Despite the claim of the management of the Weirton mill, the strikers' committee insisted Tuesday that operations there had been impaired by strike leaders said operations in the blast furnace and strip steel department at Weirton had stopped.

According to workmen at Weirton only about 85 men are working in the strip steel plant, where 500 men are usually employed. This situation is largely due to the electrical men coming out. There are mounted policemen patrolling the streets and around the mill. The tin plant is working full.

"The plant is operating 100 per cent, there being no difference today from any other day," said an official of the Weirton Steel company. "The situation here is normal. We have experienced no trouble and do not anticipate any."

The statement was made that a few men who reside in Steubenville failed to appear for work Monday, but that this was anticipated and their absence had no effect on operations.

Strike pickets were stationed at the Pan Handle station in Steubenville to talk to workmen bound for Weirton, and they reported that few appeared at the station. Some electrical workers, it is claimed, were induced to change their minds about going to work. Street cars bound for Weirton were also watched by pickets to prevent men going to work that way.

MISS MOSS SPEAKER AT WEIRTON MEETING

Mrs. Blanche Bartlett of the Home Service Department, A. R. C., Washington, D. C., Miss Florence Moss of Newell, secretary of the Hancock County Red Cross and Mr. Deans of the Welfare and Supply Department, Weirton Steel Company, were speakers at the Central school in Weirton Friday.

School was dismissed at the Cove and Weirton buildings to allow all teachers to attend this meeting. Mrs. Bartlett and Miss Moss spoke to the teachers and pupils of the seventh and eighth grades and high school concerning Red Cross work.

Miss Moss briefly outlined the work of the Hancock chapter. Mrs. Bartlett's line of Red Cross work in the course of which she urged the teachers and pupils to enroll in the Junior Red Cross as soon as the campaign is begun.

MARRIAGE LICENSES ISSUED IN COUNTY

Marriage licenses were issued at the court house in New Cumberland during the past few days to the following: Fred Lively and Ethel Marie Williams, both of Wellsburg; Clarence E. Clifton, of Steubenville, and Mary Frances Owen, of Mingo, and Paul McCrone and Martha L. Gough, of Follansbee.

WEIRTON HIGH TOSSERS ARRANGING SCHEDULE

The Weirton high school basketball schedule for the coming season is being arranged this week.

About 20 games will be played. Only one of last year's team was lost by graduation, so another good team is expected.

Barone, last year's star forward, entered school last week and is expected to play another season of stellar ball at basket tossing. Harrington, center; Hudson guard, and Dresel, guard, of last year's team, are all in school again. Smith and Saari, who have done sub work, are both available for positions this year.

The team has lost a star forward in Shackle, who graduated last spring.

Goes to Bethany College. Wilbert Hobbs, son of H. F. Hobbs, of Hookstown road, left Monday for Bethany, where he will take up his year's work in the college. He was accompanied by his sister, Adila, who will remain there a few days and then proceed to Ann Harbor, where she will take up her studies in the University of Michigan.

Condition Improved. Mrs. Craig McCraith of First street who was operated upon a week ago at the East Liverpool hospital, is improving.

WOMAN SHOTS AT HUSBAND; FINE IS PAID

Mrs. Mandy Denson, colored, of Weirton, went to Steubenville Saturday afternoon, located her husband Leroy Denson in a house in South Lake Erie avenue there and fired one shot at him from a revolver, it is alleged. The bullet went wild.

The woman and her husband were arrested. At police headquarters Mr. Denson said she was jealous of her husband and that she wanted to scare him a bit. She insisted that she did not try to hit him. The gun could not be located, so the woman was formally charged with disorderly conduct and she was fined \$25 and costs. Her husband paid the bill and they went home.

MAN JAILED PENDING PROBE BY POLICE

Pending an investigation of his alleged circulation of a subscription paper seeking aid for one "Mrs. Mary M. Miller, mother of seven children whose home was burned down on Sept. 7," Albert Snyder of East Liverpool, was arrested in Chester Tuesday morning by Chief of Police John R. Dolby.

Snyder, who languishes behind the bars in the Chester jail, will be given a hearing before Justice A. G. Allison at 7 o'clock Tuesday evening.

Tingler Property Sold. Daniel Tingler sold his property in Carolina avenue, between First and Second streets, Monday, to John Evans of Pennsylvania avenue.

Chester Women's Club Meeting. The initial meeting of the Chester Women's club will be held Monday, Oct. 6, at the home of Mrs. Gus Stewart, of Hookstown road. Officers for the year were elected last May.

Teacher At Weirton. Mrs. V. E. Longmire, of Steubenville, Ohio, has been chosen to teach a first grade room in the Weirton school.

Enters Pittsburg School. Miss Catherine Blackmore, daughter of Mrs. Ida Blackmore of Fifth street, left Monday for Pittsburg, where she will resume her studies at the Pennsylvania State School for the Blind. She was accompanied by her sister, Mrs. Frank Huff, Jr., of Carolina avenue.

Blue Devils Defeated. The "Blue Devils" Weirton's Junior football team lost their first game of the season Sunday afternoon when they played the Acme Tech at the North end Grounds in Steubenville. Acme Tech ran up a score of 24 against zero for the locals.

CHESTER PERSONALS. John McIntyre of Chester visited with friends in New Cumberland on Monday. Frank Mercer, left Chester Monday afternoon for Ann Harbor Michigan, where he will enter college.

Returns From Washington. Howard Cox, who last week paraded at Washington, D. C., in the parade in honor of General Pershing, has returned to his home in Chester.

Cox was recently discharged from service.

U. S. AGENT FOILED BIG GERMAN PLOT

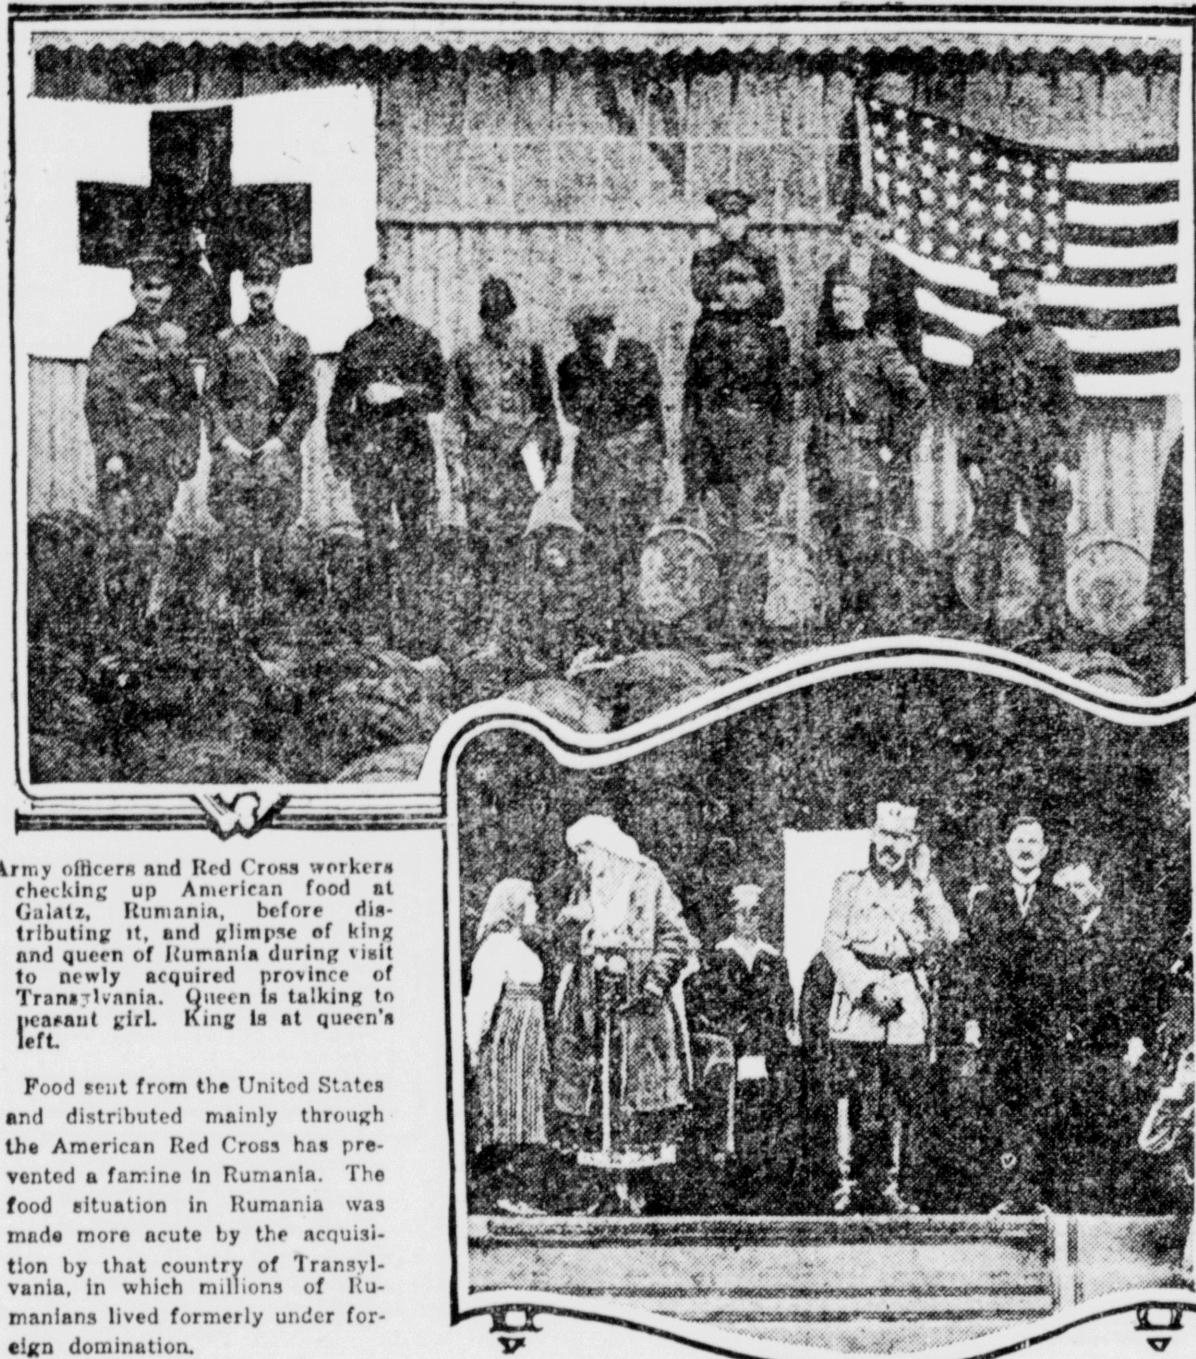

Dr. Paul Bernardo Altendorf.

Dr. Paul Bernardo Altendorf, a U. S. military intelligence officer serving as a German captain and a Mexican colonel, organized 45,000 Mexicans for an invasion of the United States at the time the Germans launched their last drive on the western front in July, 1918. But he kept the U. S. government informed of the plot's progress and thus prevented an invasion.

Altendorf also brought about the arrest of a German spy said to have admitted the Black Tom explosion near New York; got the German imperial code for our government, warned this country of an impending submarine raid on the Atlantic coast in 1918, and nipped scores of other conspiracies.

Appointed Teacher.

Miss Hazel Ferguson of last year's graduating class of the Weirton high school, has been chosen teacher of the new room at the Holliday's Cove school.

Because of the crowded condition of the second and third grades at this school another teacher was necessary. Miss Ferguson has a mixed room of second and third grade pupils.

CROOK SORRY HE SPOILED APPETITES OF VICTIMS

ST. LOUIS, MO.—Keep right on with your breakfast—don't let me disturb you," said a man with a big revolver, addressing Joseph Matthews, night manager, and August Koppel, cook, in the Frank Chaix restaurant, as he strolled in at 5 a. m.

The intruder took \$20 from the cash register.

"Sorry I spoiled your appetites," he said as he left, "but I just had to have the money."

\$141,000 BOND ISSUE ORDERED

To meet existing and future indebtedness of the city school district, the East Liverpool board of education Monday night approved a resolution to issue bonds in the sum of \$141,000.

The bond issue, which will place the city's schools upon a substantial basis, will be floated at once. Clerk George H. Paulk was authorized to take immediate steps toward disposing of the bonds.

Authority to issue sufficient bonds to liquidate outstanding indebtedness and anticipate future needs up until March 1921 is embodied in a financial emergency measure enacted by the state general assembly several months ago. Under this act the accounting officer of the board must draw up an accurate budget showing all indebtedness against the schools and listing possible future financial requirements. This was approved by the board Monday night.

The following appointments of new teachers by Supt. F. P. Geiger were approved Monday night:

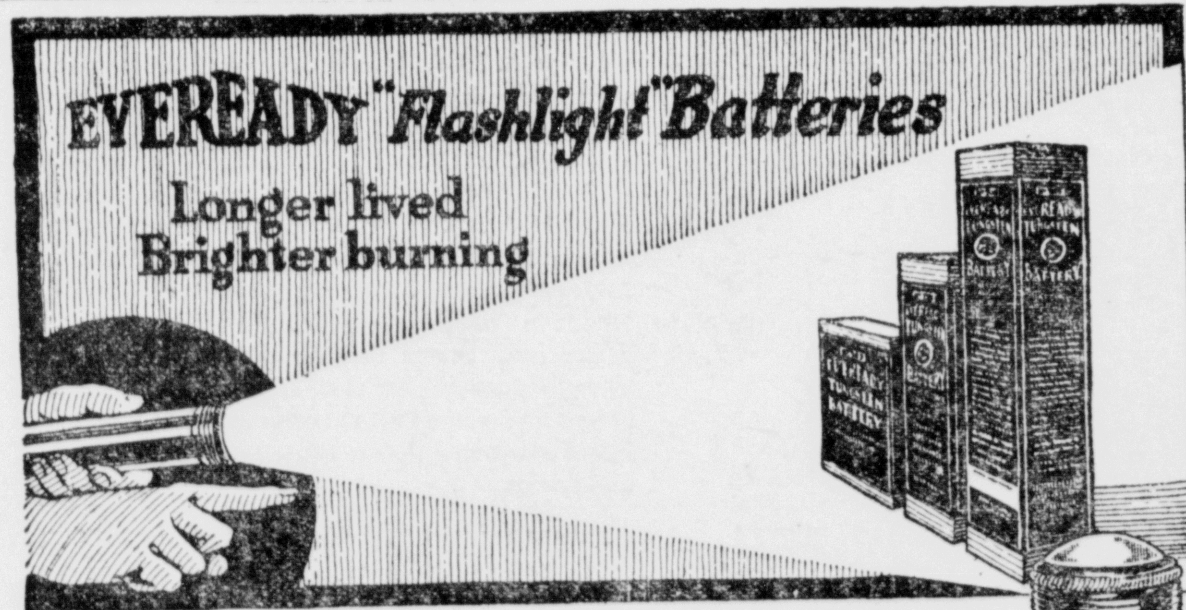

Elementary teachers:—Bernadette Arnold, Rachael Arbutnot, Helen Perry, Margaret Schneider and Bernadette McDevitt.

Substitute elementary and high school teachers:—Thelma Ankrim, Cecile Campbell, Dorothy Hindley, Sara Smith, Lorena MacEwan and Hazel Laughlin.

HARD FIGHT FACES WETS ON REFERENDUMS

COLUMBUS, Sept. 23.—That opponents must win referendums in ten states before the prohibition amendment to the United States constitution can be prevented from becoming effective next January and that such referendums will be held in only a few, if any, of the states was the claim made here by Attorney Wayne B. Wheeler, general counsel for the Anti-Saloon league of America. He predicted victory for the amendment.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a Glass of Salts Before Breakfast if Your Back Hurts or Bladder is Troubling You.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid which excites the kidneys, they become over-worked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

ASTOUNDING DISCOVERY

A Simple Home Treatment Found to Fight

SPANISH INFLUENZA

Like a thief in the night came the destroyer of life and happiness. Almost a year ago Pittsburgh and other cities were suddenly called upon to meet the demon destroyer—Spanish Influenza.

The death toll ran into the millions, entire families were wiped out. Grief and desolation were everywhere. The plague spread so swiftly that the people became panic-stricken. Every possible medicinal remedy was resorted to in order to check and relieve the epidemic. However, Bulgarian Blood Tea, the great herbal medicine taken steaming hot with the juice of half a lemon, was found to be the most effective preparation in many instances. Blood circulation became stimulated, uric acid and other poisons were eliminated through the kidneys. The liver became active and the bowels and intestines were cleansed and fortified to resist the attack of disease germs. Prepara to prevent the possible infection of these life-destroying germs.

Go to your drugist and ask for Von Schlick's Bulgarian Blood Tea. If your dealer is out of it you should have it at once. Quick shipment by insured mail will be made. Send for our large family size package. Address Marvel Products Co., Marvel Bldg., Pittsburgh, Pa.

Note: Under date of August 25, 1919, quoting the United Press, Dr. Royal S. Copland, head of the New York health department, predicted that the influenza epidemic will return in October as soon as people begin to live indoors again.

How Fat Folks May Become Thin

If you are suddenly becoming stout, or if you have been putting on flesh for years, the cause is generally the same—lack of oxygen carrying power of the blood. This trouble occurs only in men and women over thirty, but it may be easily treated and without any of the privations most fat people imagine necessary to reduce their weight. Simply go to your drugist and get a box of Pynolia. Take five grains after each meal and at bedtime. Wonderful results should be quickly accomplished by this simple treatment.

Be sure however you get the genuine Pynolia. It is put up in original sealed packages, is pleasant to take and gives prompt results. Chas. T. Larkin drug store can supply you.

CO-OPERATE IN SEARCH FOR GIRL'S SLAYER—FIND LOVE.

NEW YORK. — Even within the cheerless walls of a police station Cupid may reign.

Detective Henry F. Schneider, who has made a name for himself by running down criminals, and Katherine Hyde, a copette, were assigned to bring to justice the unknown murderer of a little girl. Some days ago the degraded individual they had dragged from New York's underworld went to prison for life.

Now Mr. and Mrs. Schneider are en route to Niagara Falls on their honeymoon. While working together on the case they fell in love, became engaged and hastened to the nuptial altar soon after society had been relieved of their quarry.

This Is Better Than Laxatives

One NR Tablet Each Night For A Week Will Correct Your Constipation and Make Constant Dosing Unnecessary. Try It.

Poor digestion and assimilation mean a poorly nourished body and low vitality. Poor elimination means clogged bowels, fermentation, putrefaction and the formation of poisonous gases which are absorbed by the blood and carried through the body.

The result is weakness, headaches, dizziness, coated tongue, inactive liver, bilious attacks, loss of energy, nervousness, poor appetite, impoverished blood, sallow complexion, pimples, skin disease, and often times serious illness.

Ordinary laxatives, purges and cathartics—salts, oils, calomel and the like—may relieve for a few hours, but real, lasting benefit can only come through use of medicine that tones up and strengthens the digestive as well as the eliminative organs.

Get a box of Nature's Remedy (NR Tablets) and take one tablet each night for a week. Relief will follow the very first dose, but a few days will elapse before you feel and realize the fullest benefit. When you get straightened out and feel just right again you need not take medicine every day—an occasional NR Tablet will then keep your system in good condition and you will always feel your best. Remember, keeping well is easier and cheaper than getting well.

Nature's Remedy (NR Tablets) are sold, guaranteed and recommended by your druggist.

A new ground for divorce has been found in the Franklin county courts. Henry Lewin was released from an internment camp last spring, after having been held as an enemy alien. Now Helen Lewin wants a divorce because of the "stigma of un-Americanism" attached to the name she bears. Lewin was formerly a cigar merchant in Columbus and was arrested shortly after the United States entered the war.

UNCLAD DICIPLE OF TOLSTOY IN PARK LAKE

NEW YORK, Sept. 23—Solomine Levine, twenty-five, was arrested here when, unclothed, he took a swim in Prospect Park lake, Brooklyn.

Levine said he belonged to a sect of followers of Tolstoy who advocated a back-to-nature movement. He said it cost him 17 cents to furnish his home, and that it cost himself, wife and daughter 85 cents a day for food. He was removed to Bellevue Hospital for examination.

TODAY'S BEAUTY HINT

It is not necessary to shampoo your hair so frequently if it is entirely and properly cleansed each time by the use of a really good shampoo. The easiest to use and quickest drying shampoo that we can recommend to our readers is one that brings out all the natural beauty of the hair and may be enjoyed at very little expense, by dissolving a teaspoonful of canthox which can be obtained from any druggist, in cup of hot water. This makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair instead of just to the top of the head. This, when rubbed into the scalp and onto every strand of hair, chemically dissolves all impurities. It is very soothing and cooling in its action, as well as beneficial to both scalp and hair. After rinsing out the lather so created, you will find the scalp is fresh, clean and free from dandruff, while the hair dries quickly and evenly, developing a bright luster and a soft suppleness that makes it seem very heavy.

FAMOUS RACING PLAY AT THE AMERICAN

"Checkers," the spectacular picture made by William Fox, which opened at the American theatre Monday, is even better as a picture than it was as a stage play. Much of the action occurs outdoors, and Director Richard Stanton took full advantage of the situation to make his exterior scenes not only elaborate, but perfect in detail.

The story tells of a Southern beauty who falls in love with Checkers, the race tout. He grooms a horse owned by the girl for a rich stake, and in getting the horse to the race track encounters tremendous difficulties. His chase leads from the South to New York and through Chinatown. At the last minute, just before the race is to start, the jockey is maliciously blinded, and the young girl rides the horse to victory. It is one of the best and most stirring pictures in every respect seen here in some time. The all-star cast headed by Thomas J. Carrigan and Jean Acker give an evenly balanced performance Tuesday.

REMARKABLE PLAY IS BOOKED BY CERAMIC

The remarkably engrossing play, "A Little Mother to Be," which comes to the Ceramic Friday and Saturday with matinee both days is one which brings the vital question of our "war babies" and their unwedded mothers forcefully home to all who witness it, and is "doing its bit," to bring to a just solution a problem to which our women's civic organizations and all serious thinking people of all warring nations are thoroughly alive and aroused, and giving their heart-felt attention. No play of today is of more vital interest to the American public. The story of "A Little Mother to Be" is so life-like and human—so "homey" and so filled with unaffected pathos and quaint comedy, that even aside from its up-to-the-minute problem, it is one of the most entertaining comedy dramas of recent years.

Common-Sense for Corns, "Gets-It"

The Great Painless Corn Loosener. Simple as A. B. C. Never Fails.

If you have ever tried to get rid of a corn by bundling up your toe with bandages, or by using saliva that made your toe red and smart

raw, or tried to drag your corn out with a knife, there will be a surprise waiting for you when you use "Gets-It." Imagine peeling your corn off gloriously, easily and painlessly, just like peeling off a banana skin. Well, that is what happens when you use "Gets-It." There is nothing else that will give you this same result. Millions of folks have had the same blessed experience. Why putter and suffer, limp, and spoil a good time for yourself and your friends, or your peace of mind while trying to attend to business? Use "Gets-It," the simple common-sense way.

"Gets-It," the only sure, guaranteed, money back corn-remover, costs but a trifle at any drug store. M'd by E. Lawrence & Co., Chicago, Ill.

Sold in East Liverpool and recommended as the world's best corn remedy by Carnahan's Pharmacy, T. H. Ashbaugh, Bulger's Pharmacy, Jesse D. Holloway and C. G. Anderson.

EASY TO DARKEN YOUR GRAY HAIR

You Can Bring Back Color and Lustre With Sage Tea and Sulphur.

evenly. Preparing this mixture, though, at home is messy and troublesome. When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so some. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger. This ready-to-use preparation is a delightful toilet requisite and not a medicine. It is not intended for the cure, mitigation or prevention of disease.

How Are Your Kidneys? Asks Dr. Carey, Specialist

Famous Kidney and Bladder Physician Retiring From Active Practice Appoints T. Reed Ashbaugh Agent in This Vicinity for His Great Medicine, Marshroot.

During his forty years of constant practice Dr. Daniel G. Carey has helped many thousands of despairing kidney diseased men and women in all sections of the country to regain robust health.

Don't take any chances with your kidneys. If you have the faintest suspicion that your kidneys are weak or your bladder is irritated the wisest thing you can do is to get a bottle of Dr. Carey's Marshroot at once.

Remember, Marshroot is not a cure-all or patent medicine, but is Dr. Carey's most wonderful prescription, which he now gives to all the world and his army of patients only because he has decided to retire from active practice.

The tiniest signals often indicate that the kidneys are ailing and need attention.

Dry sky for instance and little specks floating before the eyes.

Sometimes the feet feel heavy, as if your shoes were full of lead.

Often the joints ache or you have quick, darting pains shooting through the back or side.

Then again that frequent desire to empty the bladder, cold, clammy feet and just a little puffiness under the eyes.

Occasionally the hands or feet swell slightly and the palms of the hands are moist.

No regular practicing physician has devoted more time to the study of kidney and bladder diseases than Dr. Carey. He himself asserts that many thousands of cases of right's disease and even diabetes could have been conquered by Marshroot, if it had been taken in time. Hereafter you can always get this effective prescription at T. Reed Ashbaugh's and all reliable pharmacists the country over. Keep in mind the name, Dr. Carey's Marshroot. No other medicine can take its place.

SOX FANS PIN HOPES ON STAR

**Eddie Cicotte Has More Than
Twenty-five Victories to His
Credit -- Rough Road to
Fame.**

NEW YORK, Sept. 23.—With more than 25 victories to his credit as the outstanding star of the White Sox Pitching staff this season, little Eddie Cicotte, master of the knuckle ball, will enter the world's series against Cincinnati carrying the hopes of Chicago fans on his shoulders.

Cicotte, the veteran, the wizard, the marvel of the American league fans, will be the leading candidate of the Chicago contingent for the role of world's series hero this fall. With Lefty Williams he will be depended upon to carry the heavy end of the burden of turning back the hungry batsmen of the Reds, and as he is a better pitcher than ever before, Chicago fans are confident that he will do what is expected of him.

To study Cicotte's career in the big show is to marvel. Unlike the average pitcher in any class of baseball, Cicotte grows better with age. He celebrated his thirty-fifth birthday on the 11th of last June, and if the American league season could last long enough, he would undoubtedly score a victory for each of his years.

Like Matty, Cy Young, Chief Bender and a few other great pitchers who have made baseball history by clinging to their strength and maintaining their skill as moundsmen long after the age when most pitchers are labelled as has-beens, Cicotte takes rank as a super-moundsman. In his early twenties he was a pretty ordinary pitcher. He was shunted about in the minor leagues, starting at Calumet, in the North Copper league, and playing with a number of clubs before he finally attracted enough attention to be given a trial by the Detroit Tigers. With Lincoln, in the Western League, he finally won recognition as timber ready for trans-

planting and in 1908 he joined the Boston Red Sox.

Cicotte's record while he pitched for Boston never set the world afire, though in 1909 he won thirteen games and lost but five for the Red Sox. The following year his record showed fifteen victories and eleven defeats, but still the little knuckle ball artist was given the go-by as a live wire in the running for pitching honors.

Then came Cicotte's lucky day, July 22, 1912, when he was sent to the White Sox for the waiver price. That day marked the beginning of Eddie's rise to fame as one of the most effective pitchers the game has ever known. But even he did not realize it then. He was ambitious and he simply kept on plugging—kept on experimenting with his knuckle ball and sawing wood.

In 1913 he won eighteen and lost twelve games with Chicago, and the following year his pitching percentage fell below 500. He improved in 1915 and 1916, winning 542 and 596 per cent of his games, respectively, during those two seasons. With the opening of the 1917 season he bloomed into his own as a pitcher of the first water. His wonderful work throughout the season enabled the White Sox to come through to a championship in their own league when he won twenty-eight games and lost but twelve during one of the most spirited races the younger major league has ever witnessed. In the world's series the little master of the freak delivery shared pitching honors with Red Faber.

Always known among baseball men as a pitcher who won a majority of his games by the use of gray matter in conjunction with his skill in manipulating the ball, Cicotte stands as an example for young pitchers who are ambitious to gain fame in the big show. His motto has to do with pitching for all he is worth when the occasion demands and saving himself at all other times for such occasions. He is not by choice a strike-out pitcher. He would rather make a batter hit the ball, and he does this very thing consistently. But he doesn't feed the batter with soft ones to slam around the pastures.

REDS' INFIELD HAS DONE ITS SHARE IN RACE

Left to right: Jake Daubert, Heinie Groh, Kopf and Rath.

The brilliant playing of their infield has been one of the important factors in the spectacular climb of the Cincinnati Reds which has landed them on top in the National

league race. In addition to playing a tight game on the defensive the infielders have done their share in the attack. Daubert and Groh have been batting at a .360 clip

and, while Rath and Kopf haven't been able to hit that pace, they have figured in the scoring end of the attack. Kopf's pinch hitting has been spectacular.

VETS WILL OPEN WITH MONACA

The Veterans of Foreign Wars eleven will open their schedule with the strong Monaca A. C. at West End park next Saturday afternoon. It was announced Tuesday.

Arrangements have been pending for the game for quite a while. The management of the local outfit was at first considering bringing Salem, Sebring or Alliance here for a game on that date but arrangements fell through and consequently the Pennsylvania aggregation was dated up. The Vets have been working out daily at West End park under the direction of Coach John Coleman and feel able to cope with any club that is brought against them. The game next Saturday afternoon is scheduled to start at 4:15 o'clock, it is announced.

Newark—A "hot old time" is anticipated over the statement of several members of council that Mayor Atherton is not enforcing the liquor laws in Newark. The mayor points out that he has punished every violator who has been brought before his court.

"SLIM" SALLEE SEEKS REVENGE

Chicago Swiped His Goat Several Years Ago, But He Says He's Going to Win It Back Again This Time.

NEW YORK, Sept. 23.—Harry F. "Slim" Sallee has a crow to pick with the White Sox.

The slim Sheriff from Higginsport, Ohio, whose pitching for the Reds did much to elevate that much-abused team to a championship this season, is going to get a chance to pick the buzzard in question next month when the Sox and Reds tangle in the world's series.

Sallee's feud with the Sox dates back over two short years to the series of 1917 between Chicago and the Giants. Since that time all world's records for bombardments have been shattered on the fields of France, but to Sallee the bombardments he faced at the hands of White Sox sluggers in the 1917 series still stand out as the darkest ever, and he wants revenge.

It was disgracefully cold the day McGraw sent the slim southpaw against the Sox at Comiskey Park in the opening game of the '17 classic. There were even little patches of snow in the shaded corners of the lot, and the breeze from Lake Michigan made a man's overcoat his best friend.

Like most veteran pitchers Sallee is never so good as when the sun is blazing down on his dome and the humid air starts perspiration. But on this occasion Slim Sal was called upon to start the Giants off on the right foot in weather that was not to his liking. The Sox trimmed Sal that day by a score of 2 to 1. He pitched a fairly good game outside of the third inning, when bunched hits gave Chicago her first run, but he wasn't himself. Regardless, McGraw left him there to do the best he could, and in the very next frame Happy Felsch pounced upon him for a home run into the bleachers in left centre. That run decided the contest.

In the fifth game of the series, staged in New York, Sallee took another beating from the Chicagoans, and this time they applied the willow to his delivery with a vengeance that made him glance toward the bench for mercy. He was finally relieved in the eighth frame, but it was then too late for the Giants to overtake the Pale Hose, and Sal was officially credited with two defeats of the four suffered by the Giants.

Sal figures he was just out of luck in the 1917 squabble. He doesn't concede for a minute that any American League ball club is good enough to hand him that kind of a beating again, and all he wants is a chance to prove it in October. The fact that the White Sox are to figure as opponents of the Reds has made the tall left-hander doubly eager to get into the October jamboree, and as he has been pitching wonderfully effective ball for Moran all season there is little doubt that he will get his wish. He may be started in the first game for Cincinnati, though as Moran is a bit superstitious Sal may be kept on

PREACHER FAN ASKS LORD TO AID REDS

CINCINNATI, Ohio, Sept. 23.—Cincinnati has one real preacher baseball fan.

He is Rev. E. M. McMillan, of the First Presbyterian Church and has asked all loyal Cincinnati fans to join him in a prayer in which the Lord is requested to grant "speed, control and deceptive curves to the pitchers, frequent and timely hits to the batters, blessings to Pat Moran, the safety from accidents to all the players."

Rev. McMillan was a former college star and frequently practiced with the Reds.

the bench until the second or third game.

Sallee discovered America at Higginsport on February 3, 1885 and never stopped growing until he reached a height of six feet, three inches and tipped the beam at 160 pounds. Sal grew up, not out. He grew up left-handed, too, and after southpawing it for several years in semi-pro ranks around Ohio he broke into the professional end of the game at Meriden, in the Carolina State League, in 1905.

Four years spent in the minors, during which time he showed continual improvement in the box, gave Sallee enough seasoning for a trial in the big show and he made good on his first trip to the majors—good enough to stick with the Cardinals, though he lost a majority of his games during his first season on the big time. After spending eight years as a member of the Cardinals Sal came to the Giants in the middle of the season of 1916, having been sold to McGraw for a price reported at \$10,000. He spent the remainder of the season and all of the following two years under contract to McGraw. But last winter he decided to part company with the New York club and announced that he was going to retire. Then, when the baseball fever started raging Sal caught it and drifted to the Reds, which was a change in luck, for it is seldom that a player drifts into a world's series.

TAGGING THE BASES

Timely hits by Stock and Heathcote and an error by Dave Robertson, coupled with Bailey's wildness, gave the Cards a victory over the Cubs.

The White Sox and Indians will be idle again today.

For the first time in ten years the Pittsburgh Pirates invaded Detroit today for an exhibition game. The Pirates and Tigers met in the 1909 world series.

St. Paul clinched the pennant in the American Association by taking a game from Columbus.

TAD'S TID-BITS

NEW YORK, Sept. 23.—Charley Rose, the demon trainer and fight observer had a tough time of it trying to decide who was the greatest dealer in slams he ever saw perform.

"You know when you pin me down to one man I'm sort of liked," said little Charley as he scratched his head. "There was McGovern, yes, a pip; there was Frankie Neil, a wonder; then, there's Bob Fitzsimmons, to dope on, and when I think again I'm wondering about Stanley Ketchel, and once again I think of Gang. All were wonderful fighters, but I think the man who stands above them all is old Sam Langford. When you think of what Sam did you have to do some kelly to him. He fought them all, black, white, large and small, and I think that his record is better than that of any other."

"Langford had a wonderful defense, and as for slams, he was the daddy of the sluggers. He had everything that a fighter needs, it seems to me. You know, Jack Johnson wouldn't have anything to do with Sam after he won the title. He'd meet anyone but Langford. Johnson must have known something. Sure, he did beat Sam years ago, but he must have remembered that bout. Yes, you can put me down for Langford, I don't think I ever saw his equal."

FAT LARUE GOT FRESH WITH MORRIS.

It seems from accounts in western papers that Fat Larue, who was knocked out in two rounds by Carl Morris, lost because he was so happy. Larue went along nicely for a while, but then he became over-confident and Mr. Morris got mad. Here is what one writer has to say about it: "Larue's downfall was due largely to his own vanity. Finding that he could jab Yank with ease in the first round, Bill came up for the second with the belief sunk deeply in the back of his head that he could stop the giant whenever he pleased. Stepping into the big fellow after landing a couple of lefts to the body he essayed to swap punches with him. He was doing nicely for a brief spell, and then apparently misjudging for a little layoff he moved toward the ropes in somewhat careless fashion. Morris, bringing his right from somewhere, cracked Larue on the chin and spun him up against the ropes. Dazed by the punch, Larue made neither an attempt to cover nor to clinch and before he could gather his wits Morris let him have a left on the jaw and then another ponderous right to the chin that sent Larue catapulting through the ropes and onto the floor below."

A FELLER WANTS TO KNOW

A reader writes in to ask us if Mr. Thorley was kidding the other day when he said that John Morrisey was the best rough-and-tumble fighter that ever lived. The writer says that Billy Foote made Morrisey equal like a pig the day they fought. He adds that the fans sang a song after the fight. Here's the song:

Oh, Billy Foote, oh, Billy Foote
You are a tip-top scholar,
And by the rule of the fire school
You made the champion holler.

CANADA'S CAL'S CHIRPS

"I could no more do that than I could fly," said a man late last century.

Lucky Towser—The high cost of clothes means nothing to him. In the dog days his pants cost him no more.

Samuel Weller went down in the cellar

To get for himself a "bun;"

But when he got there the cellar was bare,

For some miscreant had stolen all the cases and bottles Sam had laid by for a dry day.

CONDUCTOR-DENTIST

CARRIES TOOLS WITH HIM.

HUNTINGTON, W. Va., A conductor-dentist operates on a branch of the Chesapeake and Ohio Railroad system in this state. He is Dr. Harry Halstead. When patients failed to come to him fast enough Halstead took a position as conductor. He carries forceps in his pocket. During the past week the train was halted four times by persons who wanted teeth drawn. The dentist-conductor never fails to make the stops.

Bucyrus—The Crawford county grand jury returned 13 indictments out of 19 cases heard, seven of which were subrosa. Sixty-five witnesses were examined.

DISCOVERS TOWN WHERE

H. C. L. IS UNHEARD OF.

LAWRENCE, Kan.—At last a town has been discovered where the high cost of living has made no apparent progress, according to William Docking, a Lawrence banker, who has just returned from this "haven" of refuge from high prices. The town in question is Forsyth, Mo., a hamlet on the White River, down in the Ozarks.

"Discussions of the high cost of living in that town are purely academic," Mr. Docking enthused. "There is plenty of food and at the same prices as were charged four years ago."

Camel CIGARETTES

Cigarettes made to meet your taste!

Camels are offered you as a cigarette entirely out of the ordinary—a flavor and smoothness never before attained. To best realize their quality compare Camels with any cigarette in the world at any price!

Camels flavor is so refreshing, so enticing, it will win you at once—it is so new and unusual. That's what Camels expert blend of choice Turkish and choice Domestic tobacco gives you! You'll prefer this blend to either kind of tobacco smoked straight!

As you smoke Camels, you'll note absence of any unpleasant cigarette aftertaste or any unpleasant cigarette odor. And you'll be delighted to discover that you can smoke Camels liberally without tiring your taste!

Take Camels at any angle—they surely supply cigarette contentment beyond anything you ever experienced. *They're a cigarette revelation!* You do not miss coupons, premiums or gifts. *You'll prefer Camels quality!*

18 cents a package

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

REV. E. G. EVANS IS NAMED PASTOR HERE

Rev. E. G. Evans of Bergholz has been appointed pastor of the Boyce Methodist Episcopal church of East End, to succeed Rev. C. W. Cooper, who has been assigned to the St. Clairsville M. E. church, it was announced Tuesday.

During the war Rev. Cooper assisted in the cantonments as a Y. M. C. A. worker. Besides the Boyce Methodist Episcopal, he was also in charge of the Orchard Grove avenue church. These churches have been separated into individual parishes.

Rev. Evans is the first pastor to be appointed to devote his entire time to the Boyce church.

REV. JOHN M. DIEHL ATTENDS CONFERENCE

Rev. John M. Diehl, pastor of the Second Presbyterian church of East End, left Tuesday morning for Steubenville to attend the conference there. He will leave Steubenville Tuesday evening for Gettysburg, Pa., on a short business trip.

FOR MEN WHO WORK HARD.

Factory workers, railroad men, farmers, miners, mill employees and all men who work at hard straining physical labor are more or less subject to kidney trouble. Nature gives warning signals by frequent lameness, stiffness, sore muscles, backache and rheumatic pains. J. G. Wolf Green Bay, Wis., writes: "Foley Kidney Pills relieved me of a severe backache, that had bothered me for several months. A few bottles fixed me up in good shape." Your Winter Overcoat

How about it? It surely needs pressing and renovating to make it look like new, if you have had it put away from summer moths. Better bring it around and let us put it in ship shape for you, so that it will be ready for the first cold blast. It will look like a new one when it is returned from Davis'.

"My Cousin"

An ARTCRAFT Picture

Story and Scenario by Margaret Turnbull
Directed by Edward Jose

CARUSO'S FIRST PICTURE

In this—his first appearance on the screen—Caruso takes a double role. In one minute he is a famous Metropolitan tenor, at the next he is a poor sculptor.

In the second character he has to fall in love with his model—some model, boys—and, believe us, Enrico Caruso makes love to her as he would to some great opera belle in the glare of the footlights beneath the Diamond Horse-shoe at the Metropolitan Opera House in New York.

Caruso is as great an actor as a singer, brimful of vitality, infectiously happy. See him in "My Cousin."
